

PRESIDENT APPEALS TO SENATORS

N. Y. Stock Market Shoots Ahead At Tremendous Pace

FIRST HALF HOUR FINDS PRICES HIGH

Buying As Frenzied As Selling Had Been on Last Thursday's Bear Market

HALF DAY SESSION

Stock After Stock Goes Up As Bankers and Wealthy Persons Make Purchases

NEW YORK, Oct. 31.—(UP)—The stock market shot ahead today at a tremendous pace—carrying out the promise of the last three minutes yesterday for a bull market—and in the first half hour more than 2,000,000 shares were exchanged.

Prices were up from one to as high as 35 points in the first half hour of trading when great blocks of from 3000 to 50,000 shares rolled out on the tickers.

Buying was as frenzied today as selling had been on last Thursday. Values came back with the vigor of the old bull market that Wall Street had declared dead a few days ago.

Stock after stock forged upward towards the point where they were before the break set in. Bankers, investment trusts, wealthy individuals and hundreds of newcomers in the market bought as if they must do all their trading today in the brief three-hour session. Many orders came in from abroad.

Sales in the first half hour totaled 2,452,100 shares, compared with more than 3,000,000 in the first half hour last Thursday.

INDEPENDENTS PLAN FIGHT ON CHAINS

MEMPHIS, Tenn., Oct. 31.—(UP)—Plans to fight for their existence in the face of growing chain competition were made by the Independent Theater Owners of America, meeting in convention here.

Sidney R. Kent, general manager of the Paramount-Pamous-Lasky corporation, promised the co-operation of the motion picture producers. Kent said that contracts between independent exhibitors and producers have been rewritten in recent weeks with a total saving of more than \$1,300,000 to the "little fellows."

Resolutions were adopted condemning the Brookhart bill to place the cinema industry under federal control, and urging members to co-operate in fighting chain theaters for "our share of the business."

PLENTY OF BROTH

LONDON, Oct. 31.—When the gypsies have a party they have plenty to eat—especially soup. At the recent gypsy party at Balldon, Yorkshire, soup was dispensed from a giant cauldron which contained two and a half tons of the liquid. Ingredients were a quarter of a ton of meat, 300 pounds of green vegetables, 600 pounds of peas, 300 pounds of potatoes and 56 pounds of onions.

FLAPPER FANNY SAYS:

THIRTY BELIEVED LOST WHEN SHIPS COLLIDE IN HEAVY FOG

PROMOTIONS IN POLICE DEPT. ARE ANNOUNCED

Position of Captain to Be Created and Filled By Robert Elliott

NUMEROUS CHANGES in the personnel of the Santa Ana police department, effective tomorrow, November 1, were announced today by L. C. Rogers, chief of police.

A new position, that of Captain, is created and Robert Elliott, for several years a night sergeant of police has been named for the position. Elliott will be in charge of the entire police department when Rogers and Assistant Chief of Police Sid Smith, who has been named as sergeant, take the place of Elliott. The new position carries an increase of salary and is a promotion for Elliott, one of the veterans of the department.

Elliott will be in charge of the department from 5 p. m. until 1:30 a. m., Rogers said today, during which hours all sergeants and other officers except the chief and assistant chief were instructed to report to him.

Sergeant F. M. Dean, another veteran of the force, in years of service has been named as sergeant to take the place of Elliott. Dean will have charge of a platoon at night and Officer W. E. B. Sherwood has been named a sergeant to succeed Dean, Rogers said.

A number of other officers of the department will be shifted. Rogers said. Officers will be given new beats and new working schedules, he said. Plans for these changes have not been completed, but the changes will be made within the next few days, it was said.

A "shotgun" squad, composed of two officers in an automobile, armed with sawed off shotguns, will start functioning tomorrow night, as another change that is being made. The "shotgun" squad has worked here numerous times in the past with great success, but on account of financial difficulties the department had been suspended.

Officers who will have been announced. Their duties, however, will be to "cover" the city in the morning looking for suspicious characters seen on the streets late at night.

The entire changes are part of a program Chief Rogers has been working at for several months and which when completed is expected to make the Santa Ana police department one of the most up to date in the state of California. The plans also call for a uniform for the chief of police, Santa Ana's chief never having had one before. Rogers said his new uniform would be here shortly.

Junior Schools To Contest For Register Trophy

Much interest was aroused today among Santa Ana junior high school pupils, by the announcement of a secondary essay contest to be sponsored by the Santa Ana Register on a subject connected with the observance of the eighteenth anniversary of Volstead law, amendment and prohibition.

The contest, originating this year, is to be an annual one with a perpetual cup to be competed for by the pupils of Frances Willard and Julia Lathrop junior high schools and to be known as the Register Good Citizenship Perpetual trophy. In addition there will be two cash prizes there will be \$10 and \$5 for each school of \$10 and \$5 for individual contestants rated as first and second winners.

H. G. Nelson, principal of Julia Lathrop, and Lyle B. Mitchell, principal of Frances Willard, together with their respective teaching staffs, are enthusiastic co-operators in offering the plan. The contest will get on at once and continue through the winter months, along some time in February.

Actress Wins Applause For Her New Nose

PARIS, Oct. 31.—(UP)—Cecil Sorell's nose was the talk of Paris today. The noted actress had always been famous for her aquiline nose but last night, after an absence of a month, she appeared at the Comedie Francaise in the role of Sappho with a nose exquisitely Grecian.

It became known that she had spent three weeks in a private hospital, where a surgeon deftly accomplished the desired transformation. He slit the nose, removed some cartilage and sliced the nose into a curve without leaving a scar.

Both audience and critics wildly applauded the new nose.

DRYS DEFEATED IN TORONTO IN HEAVY VOTING

Faith in Administration of Premier Ferguson Reiterated Wednesday

TORONTO, Ont., Oct. 31.—(UP)—The Ontario electorate, reiterating its faith in the administration of Premier G. Howard Ferguson and the government liquor control act, returned the conservative party to power by an overwhelming majority in the eighteenth general legislative election.

Complete returns from 106 of the 112 constituencies today assured the conservatives at least 89 seats, an increase of 12 over the seats in the last parliament.

The Liberals, led by M. E. N. Sinclair and considered the strongest opposition, carried off nine seats with the prospect of gaining one or two more when returns from rural districts are computed. The Liberals held 21 seats in the previous legislature.

Other organizations assured of representation were Progressives 3; Independent Progressives, 2; Liberal Farmers, 12 over the seats in the last parliament.

The number of seats gained by the Conservatives far exceeded the expectation of their leader, Premier Ferguson, and other party leaders. In a pre-election forecast, organization leaders claimed but 80 seats.

Ferguson, sponsor of the liquor control act in 1926 after Ontario had passed through 10 years of prohibition, during his campaign pleaded that the electorate stand behind him and the liquor law in that "education and not legislation, is the only road to temperance."

The Liberals, advocating a plebiscite on the liquor issue and the Progressives, with a bone-dry platform, suffered an enormous loss when returns from rural districts, usually dry, showed that sentiment had turned to Ferguson.

With such a smashing victory for government control liquor sales, it was freely predicted today by observers that prohibition will not be seriously advocated in Ontario for at least a decade.

PANTAGES TO ASK RELEASE ON BAIL

LOS ANGELES, Oct. 31.—(UP)—Alexander Pantages, theater magnate, will ask for his freedom on bail and for more time to prepare arguments for a new trial when he goes to court tomorrow for sentencing on his conviction on a charge of attacking 17-year-old Eunice Pringle.

Defense attorneys said today they were rounding up a series of affidavits to present to Judge Charles Frieke to support their plea for a new trial. These documents will be completed by tomorrow, it was said.

Pantages' counsel also will seek his release on bail. Such a move will bring drastic opposition from the district attorney's office, Burton Fitts said.

ARIZONA WILL FIGHT BOULDER DAM IN COURTS

Rights of Congress to Be Tested in Highest Tribunal in Nation

PHOENIX, Ariz., Oct. 31.—(UP)—The state of Arizona today had thrown all hope of agreement by negotiation to the winds and was prepared to institute a suit in the United States supreme court to determine the proper division of water and hydro-electric rights under the Boulder dam project.

Charging the state of California with a deliberate attempt to obtain more than its share of the benefits of the project, the Arizona-California river commission late yesterday bolted negotiations for a tri-state compact between Arizona, California and Nevada and today was preparing to test its rights in legal action.

"We are at the end of our rope as far as negotiations are concerned," a statement issued by the body said, "and henceforth we will place our dependence on court."

The rupture came at the end of a two-day meeting which followed formal notification of Arizona by Secretary of the Interior Wilbur that this state's share of the water and energy from the dam would be approximately 18 per cent. This the commission declares, is unjust and inequitable and will enable California to maintain a state reservoir and power plant on Arizona soil and at Arizona's expense.

The Arizona action is the climax of a long period of debate between the two states and the statement issued shows clearly the bitter feeling engendered. Some of the principal points enunciated in the document follow:

1. Southern California wants practically all of the available water on the river for irrigation purposes in the Imperial and Coachella valleys and for use on the coastal plain. For Arizona to concede these demands would mean the new developments made possible by the project would take place in California and none in Arizona.

2. For some time it has been evident that California wanted to get the matter of water power contracts completed with the secretary of the interior before seeking the Arizona action.

The Sullivan's captain radioed back asking if the Marquette was in any danger and received a reply that "the captain says no immediate danger."

The message to the Sullivan said: "Our forepeak filled, both beginning to roll slightly; loaded with iron ore; ship and fishing tug standing by; have picked up three of Senator's crew."

Whether the tug and ship standing by in the mountainous waves had been able to rescue any more members of the Senator's crew was problematical.

Later radio messages from the Marquette said the three picked up were Ralph Ellis, radio operator; Leonard Boass, watchman; and William Gilbeck.

A third message at 12:05 p. m. said the Marquette was nearing Port Washington in bad condition but expected to make the harbor.

CONDEMNED SLAYER DUE FOR OPERATION

PUEBLO, Colo., Oct. 31.—(UP)—Howard L. Royston, 6 foot, 4 inch giant of San Andreas, Calif., under sentence to hang for the murder of A. N. Parrish, president of the First National bank of Lamar, Colo., during the 1919-600 holdup there 18 months ago, must undergo an operation on his jaw, physicians announced today.

The convicted slayer was shot in the jaw by Parrish during the holdup and spent several weeks in a St. Paul hospital before he was captured.

Two other members of the bandit gang have been sentenced to hang for the same crime.

Rush President Of Santo Domingo To U. S. for Operation

HAVANA, Cuba, Oct. 31.—(UP)—Racing against time to save the life of General Horacio Vazquez, president of the Republic of Santo Domingo, whose life depends on an immediate operation by specialists in the United States, an airplane bearing the stricken president was expected to arrive here from Santo Domingo Vazquez and his wife will remain here overnight at the palace of President Gerardo Machado, leaving Friday by airplane for Miami, Fla., where another plane will be chartered to complete the race to John Hopkins hospital at Baltimore, Md.

Lake Michigan Disaster Told In Radio SOS

Collision Occurs 20 Miles East of Port Washington This Morning

MILWAUKEE, Wis., Oct. 31.—(UP)—A radio message from the steamer Marquette today said the steamer Senator had gone down in Lake Michigan with a probable loss of 30 lives after the two ships collided in the fog.

The message was received by radio station WHBL in Sheboygan and relayed here. All the Milwaukee coast guard and available ships steamed to the rescue.

The message also said that Marquette was making Port Washington, Wis., under its own power and would take survivors there. Preparations were made at the Hoffman House hotel in Port Washington to care for those rescued.

Details of the collision were not available in the first radio SOS messages that crackled out of the fog shortly before noon.

The collision occurred 20 miles east of Port Washington, which is half way between Milwaukee and Sheboygan.

A Sheboygan tug, which stood by after the collision, is believed to have rescued many and presumably the Marquette aided, as messages indicated it was not badly damaged.

Both ships belonged to the Cleveland Cliff line.

The Milwaukee coast guard and commercial tugs from here were speeding toward the spot where the Senator sank to look for other survivors who may be bobbing in the waves in lifebelts. Lake Michigan was running high again today with a 40 mile gale predicted tonight and tomorrow.

First news of the collision came when the Marquette sent out an SOS shortly before noon which was received at several points along the west shore. The messages carried no details of the crash other than to say it occurred in the heavy fog that has blanketed the lake for two days.

The steamer J. J. Sullivan, which received the message saying only three survivors being picked up, was 60 miles from the scene when the SOS came through.

The Sullivan's captain radioed back asking if the Marquette was in any danger and received a reply that "the captain says no immediate danger."

The message to the Sullivan said: "Our forepeak filled, both beginning to roll slightly; loaded with iron ore; ship and fishing tug standing by; have picked up three of Senator's crew."

SAN JOAQUIN VALLEY PIONEER SUCCEMB

FRESNO, Oct. 31.—(UP)—David Swing Ewing, one of the San Joaquin valley's most widely known and wealthiest citizens, died of heart disease in his hotel here yesterday afternoon after a long day's illness. He had celebrated his 63rd birthday anniversary a week ago today.

Ewing, one of the senior members of the law firm of Ewing, Ewing, Wild & Ewing, had been in power in the Democratic party in California for nearly a generation. He had been a delegate to the party's national convention six times and in 1918 was chosen chairman of the Democratic state central committee. In 1926 he was urged to run for governor, but refused.

SOAPY WINDOWS AND BROKEN GATES; TONIGHT IS THE NIGHT SPOOKS KEEP THEIR DATES

Tonight's the night when spooks will stalk, when cats will yowl and ghosts will walk (we do not mean the kind that pay for work you do from day to day—we mean the old blood-curdling haunt of ancient crone or murdered aunt). This is the time when housewives find their leaves to rise are not inclined, when dust swirls 'round from hour to hour, when eggs don't beat and cream turns sour, till finally in grief and fright, they cry "Old Nick's abroad tonight."

Tonight's the night when restless lads (from beardless boys to dapper dads) each sets forth with his "storm and strife" then flirts with someone else's wife beneath the soft romantic glow of lanterns swaying to and fro in country club or barn for hay wherever revelry holds sway. This is the night, as I repeat, when ghosts and goblins walk the street, when howl owls hoot and screech owls screech, and loud-dead men are given speech. In fact, as surely you'll have seen by this long yarn, it's Halloween!

CONVICTS FAIL TO WREAK VENGEANCE

FOLSOM, Calif., Oct. 31.—(UP)—Two condemned convicts were under heavy guard in Folsom prison today after a futile attempt to wreak vengeance on a supposed "squalor."

Walter Burke and Tony Brown, condemned to hang in January for their part in the Thanksgiving day riots in 1927, when a wholesale jailbreak was attempted, were being escorted back to their cells after bathing yesterday.

"Let's go," cried Burke, and they dashed to the infirmary kitchen, seized knives, and headed for the cell of Albert Stewart, who testified against them. They were also armed with stilettoes painstakingly made from bed springs.

CHINA ASKS END OF UNEQUAL TREATIES

SAN FRANCISCO, Oct. 31.—(UP)—A petition asking the United States to take the initiative in rescinding "unequal treaties made to the detriment of China by foreign powers," had been forwarded today to Secretary of State Henry L. Stimson by the Kuo Ming Tang, semi-official representative of the Chinese government in America with headquarters here.

ORANGE COUNTY TO BECOME ONE LARGE CITY, PREDICTS JEROME IN C. OF C. ADDRESS

Prediction by President W. C. Jerome that the time is coming when Orange County will become one city and operate under city and county government; declaration by A. N. Zerman that Santa Ana is fast becoming a "glass city" by reason of operation of glass plants here; assertion by George Raymer that an active effort is still being made to locate the Pasadena college here; a statement by J. P. Baumgartner, member of the state highway commission, that it is certain the highway between Newport Beach and Colton will be accepted in the state system of secondary highways, and entertainment by clever little girls from the San Clemente school of music and dancing, were features of the Santa Ana Chamber of Commerce, last night, at Ketter's.

Sixty men and women were present, but in spite of the small attendance Jerome announced that open forum meetings of the city boost body would continue to be held throughout the winter months.

Pointing out that the purpose of the open forum meetings is to make possible presentation to the board of directors and officers suggestions members may have that will be of benefit to the chamber and to the city, Jerome expressed the hope that at future meetings more members would accept the opportunity to get first hand information as to what the organization is doing and plans it has for future activities. The president asserted that in a business way Santa Ana is in better position than many other cities that might be mentioned, and he stressed the point that building operations in the city at this time are greater than at any time in the history of the city except, possibly, in the boom periods.

PASSAGE OF TARIFF BILL IS REQUEST

Word Sent to Senate After Conference Held Last Night at White House

WATSON TAKES FLOOR

Makes Impassioned Appeal For Harmony—Harrison Urges Passage of Bill

BULLETIN

WASHINGTON, Oct. 31.—(UP)—An hour after President Hoover had issued a formal statement demanding tariff action from the senate within two weeks, Republican senatorial leaders today offered terms of surrender to the Independent-Democratic coalition.

Acting Republican Floor Leader Wesley L. Jones of Washington announced that he had conferred with representatives of the coalition and placed before them a proposition to accept most of their amendments to the pending tariff bill if offered in good faith.

WASHINGTON, Oct. 31.—(UP)—President Hoover wants the senate to pass the tariff bill despite the probability of a deadlock with the house, according to word dispatched to Republican senators today after a conference between Republican Floor Leader Watson and President Hoover at the White House last night.

After a conference at the White House last night, Watson took the floor at the opening of the senate session and delivered an impassioned appeal for harmony. Neither eastern nor western senators can get all they want, he said, but no one will get anything under present conditions.

"The same, sensible thing for men to do is to sit down and find out reasonable rates and then pass the bill," said Watson. "The men from the agricultural states realize we ought to increase agricultural rates," said Watson. "The eastern senators feel that there are certain industries which are lagging and which need protection. No one wants to destroy an American industry."

"The president is very anxious to have the bill passed. Whatever the president may have had in mind, the house has passed a tariff bill and there is nothing for the senate to do but consider it. The same thing to do is to find out what schedules are to be considered."

Watson denied emphatically that the president had said he would sign the bill as now constructed. He said he never asked the president what sort of bill he would sign.

2 GANGSTERS MEET DEATH IN CHICAGO

CHICAGO, Oct. 31.—(UP)—Two more Chicago gangsters have been "put on the spot."

Rocco Maggio, "king of the Sicilian extortionists," and Myles Cammen, racketeer and ex-saloon keeper, were dead today of bullet wounds.

Maggio was killed in the grocery of his father-in-law, Joseph La Moia, while talking to his 18-year-old wife, Isabella.

As Cammen and his wife entered their automobile to go to dinner a man stepped forward, shot the racketeer five times through the head and escaped.

Maggio, known to be a bigamist, extortionist and killer, had many enemies. He had been immune from arrest pending the outcome of an injunction he filed October 9 to prevent police from interfering with him.

MEN'S TEAMS IN CHEST DRIVE ARE ANNOUNCED

Workers in the men's division of the Community Chest gathered in the Legion hall last night for their organization and instruction meeting. They were addressed by various chest officials who outlined the program and procedure for the coming campaign.

A note of optimism was sounded by W. A. Taylor, president of the organization, who told the men the only thing that would hinder the success of the drive for \$50,650 next month would be the failure of the workers to see every citizen. He stressed the fact that the greatest need of the organization was to secure enough workers to permit calling on all the citizens of the community and assured that the experience of the advance gifts committee in their work had conclusively proven that there was the desire to give on the part of Santa Ana.

W. H. Spurgeon Jr., chairman of the men's division, presided at the meeting. R. R. Miller, secretary-manager, told the men of the activities of the various agencies that were supported by the Chest funds and explained how the funds were allotted. He also gave some pertinent points on methods of this campaign.

Workers to complete team rosters are needed," Miller stated today. "This is a community job and we need the volunteer services of all those interested in seeing it done successfully."

Major and the team workers reported to date are as follows: W. L. Duggan—C. E. Walker, E. A. Noe, D. H. Tibbals, J. W. Esteban Jr., L. R. Crawford, L. M. Forney, R. R. Hays Jr., and Eugene Kahan.

H. D. Gardner—O. Robertson, C. V. Oldfield, Charles Downie, Harold Harrison, Harry Ball, Charley Ambrey, Carl Stein and Fred Ross.

H. D. Edwards—Gene Douglas and Otto Jacobs.

E. B. Hull—Leo Tiede, Lester Steinkopf and George McConnell.

Ed Kolbe—Harold Brown, Mort Hall and Hunter Leach.

Rodney A. Bacon—A. H. Lacey, C. V. Boquist, R. H. McCalla, Geo. Richardson and H. D. Neen.

K. E. Morrison—W. S. Spicer, R. D. Drake, Ray Adkinson, Lynn Hart, J. L. McBride, W. J. Stauffer and Dr. H. A. Stryker.

C. H. Marcher—C. Dennis, C. O. Johnson, Phillip Lutz, Frank Ashmore, J. M. Anderson, George Baker and Perry Schrock.

J. W. Markel—Charles Van Wyk, Harold Smith, L. Anderson, Fred Sanford, F. P. Jayne and A. C. Hipsenreger.

E. C. Rowland—J. E. Lloyd, Elmer Heidt, W. Roy George, Hubert Brown, Earl Matthews, L. C. Conflag, C. V. Paris and Walter Wanders.

Bruce Switzer—Paul Swartz, E. R. Sharpley, Jack Campbell and Charles Blackburn.

ORANGE COUNTY TO BECOME ONE LARGE CITY, PREDICTS JEROME IN C. OF C. ADDRESS

(Continued from Page 1)

"The time is not far distant when Santa Ana will become known as a 'glass city,'" said A. N. Zerman, in reporting for the Industrial committee. The chairman pointed to the plans for resumption of operation of the plant of the Standard American Glass company, the present operation of the Brock Glass company, recently merged with Pasadena Manufacturers, and the contemplated location of a factory here by the Pittsburgh Plate Glass company. He revealed that the American Glass company, during the short time of its operation here, manufactured 188 carloads of glass. Zerman commented on the formation several years ago of the Industrial Land company for the purchase of land in the southeast part of the city to hold for resale to industrialists without profit. Stating that the holdings of the company consisted of two tracts, one of ten acres and the other of nine, Zerman said the land is being farmed and that rentals are paying the carrying charges.

Business men of Santa Ana are giving splendid co-operation to efforts of the Santa Ana fire department in fire prevention work, according to a statement of John A. Henderson, chairman of the fire prevention committee.

President Jerome also is chairman of the chamber's educational committee, and in reporting for this committee recapitulated activities in efforts to create a junior college district in the south half of the county. He also stressed conditions obtaining in the Santa Ana school system, and gave emphasis to the point that Santa Ana will have to provide more buildings for the junior college unless success meets the efforts being made to organize a junior college district.

Jerome commented on the statement of Prof. S. J. Weersing, of the University of Southern California, at a meeting of the Men's Forum club of White Temple church, Anaheim, Monday night, that the Santa Ana Junior school ranked highest in efficiency of any junior college in the state.

"The efficiency of the college extends throughout the entire school system in Santa Ana," Jerome said.

Referring to the recent withdrawal of Newport Beach and Costa Mesa districts from the Santa Ana high school district, Jerome said that withdrawal had not effected high school attendance here, but that it had effected financial support for the school.

D. K. Hammond, principal of the high school, amplified this statement by pointing out that a section of the two school districts took from the Santa Ana high school and Junior college district \$9,000,000 in assessed values.

Hammond pointed out that there has been an increase this year of 13 per cent in junior college enrollment, and he particularly pointed out that a large number of pupils have enrolled from points outside the district. Anaheim is sending 51 students and Tustin a large number, he said. College enrollment approximates 500.

He reiterated former statements that the Santa Ana board of education and school staff are very willing to co-operate in a union junior college program, but he pointed out that the district must be of sufficient territory to create a district of assessed valuation that would make it possible to establish a high grade plant. Otherwise, he intimated, Santa Ana would have to continue her college.

Hammond said that the six school districts proposed for a college district in the south half of the county at present had an assessed valuation of \$123,000,000.

In reporting for the clean up and paint up committee, Bruce Switzer recounted the success of the clean up campaign last March, and commented on the 100 per cent co-operation given by various organizations of the city.

Emphasizing the point that in his talk on good roads he would present only his personal opinion, J. P. Baumgartner, chairman of the good roads committee, recounted some of the road improvement programs in the county and in the state. Particular reference was made to the construction of the overhead crossing of the Santa Fe tracks at Irvine, the work of straightening curves near Serra, improvements being made between Santa Ana and Anaheim, and con-

templated widening of the coast highway between Sunset Beach and Huntington Beach, all of these projects being participated in by the commission. The commission will give financial assistance to the Ortega road between Capistrano and Elsinore, he said, and he predicted inclusion of the secondary system of state highways of the road between Newport Beach and Colton. He said the commission is giving consideration to a viaduct at Three Arches at the junction of Newport boulevard with the highway along the coast, pointing out that this project involved many considerations, such as co-operation of property owners and the construction of a bridge over an arm of Newport bay.

"The commission has in the gas tax a source of revenue from which it can and will build in California the finest system of highways in the world," the commissioner said, but he added the qualification that this program can be accomplished only if politicians leave the situation as it is and do not involve the commission in matters that might be detrimental to efficient operation.

Dr. K. H. Sutherland, county health officer, presented some of the details of a contest among health organizations throughout the United States organized by the United States Chamber of Commerce in co-operation with the American Public Health Society. The county health department has taken over the health work of various cities in the counties and it was in presenting this fact and in introducing Dr. Sutherland that Jerome made the prediction of possible consolidation of the county under one city and county government.

Raymer recounted some of the recent activities of the chamber and expressed regret that there are some people in Santa Ana who are continually doubting the sincerity of the Pittsburgh Plate Glass company in its program for Santa Ana. The secretary said that only this week he had received a check from the company for \$2289.66 with request that he pay the tax bill on the company's site here.

He also had forwarded to the company approved plans for railroad connections with the site, he said. He declared that he had information concerning the plate glass company program that he was not permitted to make public.

The secretary told of the visit here a few days ago of a man representing a large manufacturing enterprise looking for a location in the southland, and related that the man had told him that Santa Ana would have to be eliminated because it did not have harbor facilities near at hand.

"If Newport harbor had been developed into a commercial harbor there is little doubt but that we could have added this enterprise along the coast line or on a site near Santa Ana," said Raymer, as he explained that the man represented a concern that proposes erection of a \$5,000,000 plant in Southern California.

"Newport harbor is going to be a real harbor some of these days and ships carrying materials for factories and the finished product will be moving in and out of the port," Raymer said, with emphasis.

Concerning the prospects of Santa Ana being successful in its fight to have this city chosen as the home base for government dignitaries, the secretary said he had received a report that San Diego was first choice and the Santa Ana second in favor with the committee investigating sights. He said there is possibility of the report going before congress on November 1, and pointed out that the matter probably would be referred to a committee of congress and that the committee later would come to the coast for personal inspection of sites.

He asserted that, so far as he knew, the investigating committee had not been able to get a definite quotation from James Irvine for property that would be needed for the base.

N. F. Prussing, former attorney of Chicago, who now is a resi-

HOOVER PLEADS WITH SENATORS TO PASS BILL

(Continued from Page 1)

sign and attributed the erroneous report to "the enthusiasm of one of my newspaper friends, who drew a little on his imagination."

"I think a bill can be passed and ought to be passed," he concluded. "We must do that or recognize that the senate is an incompetent and impotent body."

Senator Harrison, Democrat, of Mississippi, replied for the Democrats and urged the senate to pass a bill and let President Hoover decide whether he wants it.

Harrison said the president should express his views regarding the rates in the bill. He pointed out the Republican party in the senate is divided into two opposing factions with regard to the rates.

"The president ought to take sides as between the two factions of his party," Harrison said. Speaking for the independent side of the coalition Senator Borah, Republican, Idaho, refused the proposition of conferences to settle the rates and said there could never be a bill until the issue is brought out on the open floor of the senate.

Borah said he was willing to enter any agreement for limitation of debate which would bring the bill to an early vote.

The president issued his statement after some Republican leaders in the senate had publicly abandoned hope of passing the tariff bill. The president has just held a series of conferences with Republican leaders who asked to call in an endeavor to harmonize the senate factions and get the bill passed during the special session. Claudius Huston, Republican national chairman, conferred at length with the president before the statement was issued.

"The president has declined to interfere or express any opinion on the details of rates or any compromise thereof," the White House statement said.

It added, however, that the president "could not believe, and therefore, would not admit that the United States was unable to legislate."

The statement also declared "that the interests of the country require that legislation should be completed during the special session."

The White House statement affirmed the administration's demand for retention of the flexible tariff system, but did not touch upon the controversy as to where final authority to change rates should rest. In his special statement on the flexible provision some time ago, the president recommended retention on the present under which the rate revision authority lies with the chief executive.

The text of the White House statement follows:

"The president was visited yesterday by a number of senators, all of whom called at their own suggestions, and presented to him the grave situation that has arisen by delays in tariff legislation. They called attention to the fact that the senate has had the tariff bill since June, with 15 schedules

COURT MAY BE HELD IN HOME IN ANAHEIM THAT JUDGE MAY FEEL GENERATOR'S VIBRATION

The spectacle of a superior court session, with the judge, the attorneys and witnesses, clerk, reporter and bailiff all solemnly doing the "shimmy," appeared to be a possibility today. Superior Judge Marsh, who came here from San Diego county to listen to evidence in a damage suit against the city of Anaheim, may hold court tomorrow in the home of one of the defendants, whose complaint asserted that the city's nearby generating plant caused the house to shiver.

Mrs. Johanna Timme, one of the plaintiffs, told the court on the stand that when the house shivered she shivered too. However, Judge Marsh announced today that he would observe the conditions tomorrow morning. Several witnesses said the shimming in the house and its contents was

worse in the morning than at other times.

If the court, attorneys and witnesses are affected in the same way Mrs. Timme claimed to have been, a shimming tribunal may be seen in the Timme house tomorrow.

According to testimony already given, the beds, walls, tables, chairs, table lamps and even flowers in the houses have become addicted to the shimming habit. That the case may draw to a close tomorrow was indicated when the defense announced today that it expects to put its last witness on the stand before today's session ends. The plaintiffs in the case, Mr. and Mrs. Carl Timme and Mr. and Mrs. George F. Fendley, are seeking \$36,500 in damages from the city of Anaheim on the ground that its operation of the generating plant has caused all the shivering and shimming in their homes.

CONTINUE SERVICES IN S. A. LIGHTHOUSE

With members of the former Four Square Gospel lighthouse continuing services in the edifice at Sycamore and Fairview as an organization independent of the Almee Temple McPherson church, the Rev. Mr. Harms conducted special services in the church here last night, with a large attendance.

Services will be held Friday night and on Sunday the usual program will be followed, including Sunday school at 9:30 a. m., and sermons at 11 a. m. and 7 p. m.

The Rev. C. F. Brown and the

Rev. Mrs. Brown, who have been pastors of the church here for the last eight months, have resigned and intimate they will attempt organization of another church here. Deed of the church property, held by the Rev. Mr. Brown, has been turned over to trustees of the independent church, it was announced.

FINAL FISH TALE

INDIANAPOLIS, Oct. 31.—One of the final fish tales to be unearthed this year is told by Bert Gooch. He was out on White river, angling for a mess of fish when his bass spinner got an awful yank. With the help of neighboring fishermen he landed his "fish." It proved to be an alligator.

(Continued from Page 1)

ing a compact with Arizona, thus removing water and power revenues under the terms of the Swing-Johnson bill as subjects of negotiation.

3. The Imperial and Coachella valleys are to receive water for irrigation purposes without paying anything whatever to the project. No such gratuity has been extended to Arizona.

4. It was generally understood that California would be expected to pay approximately \$1.50 per acre foot and delivery charges on water diverted to the coastal plain. It now appears that the secretary proposes a charge of only 25 cents per foot.

5. The project was intentionally placed at the nearest available point to the California power market and the most remote point to the Arizona power market.

6. In its present form and purpose our commission is advised and firmly believes that the Swing-Johnson bill is unconstitutional.

Hoover, Coolidge, Mellon Blamed for Stock Speculation

WASHINGTON, Oct. 31.—(UP)—Sen. Joseph T. Robinson of Arkansas, Democratic floor leader, blames President Hoover, Secretary of the Treasury Mellon and former President Coolidge for frenzied stock speculations "by unduly and repeated optimistic statements."

SUIT AGAINST AIR COMPANY GOES TO TRIAL

An aftermath of the stock selling activities of A. B. Stocker in Santa Ana was evidenced today with a trial in the Superior court, appearing as plaintiff in Superior Judge James L. Allen's court in a case against the Continental Air Express, for which Stocker was representative.

Fields, represented by W. Maxwell Burke, Santa Ana attorney, claimed that Stocker failed to keep an agreement to deliver 34 shares of Continental Air Express stock after he, Fields, had paid \$510 in cash and merchandise to Stocker. That the defendant company might as part of its defense that Stocker was not truly its agent was indicated today in the trend of objections raised by defense counsel to certain questions put by Burke.

TRICOLOR SUIT

Very new and chic is the use of the tricolor in a tweed suit. The tweed is a basket weave of French blue and white with every now and then a fleck of red in the form of a little square in the weave.

Simple Remedy For Bad Stomach Gives Swift Relief

No Need of Strong Medicines or Diet. Safe and Simple Home Recipe Keeps Stomach in Fine Condition

If you are a victim of Stomach Trouble—Gas, Sourness, Pain or Bloating—you may have quick and certain relief by following this simple advice.

Don't take strong medicines, artificial digestants or pull down your system with starvation diets. For within reason most folks may eat what they like if they will keep their stomachs free from souring acids that hinder or paralyze the work of digestion.

And the best and easiest way to do this is to follow every meal with three or four tablets of Blaustrated Magnesia—a pleasant, harmless, inexpensive, and handy tablet form of Magnesia that promptly neutralizes acidity and keeps your stomach sweet and clean.

A week's trial of Blaustrated Magnesia tablets, which any good drug store can supply at trifling cost, should quickly convince you that 90 per cent of ordinary stomach distress is absolutely unnecessary. Be sure to get Blaustrated Magnesia Tablets—Adv.

Court Notes

Adolphe Callens today filed suit against Gustave Van Den Bergh and Zoe Van Den Bergh seeking judgment for \$200, alleged to be due on a promissory note.

Jerry Gerughty today brought suit against the Pacific Southwest Poultry company, seeking judgment for \$774. The complaint asserted that this amount was due Gerughty for labor.

O. W. Little today filed suit against P. G. Odom, Dona Odom and Guy A. Dunham seeking judgment for \$400 asserted to be due on a promissory note which the complaint said was executed by Mr. and Mrs. Odom in favor of Dunham. Later Dunham informed the note over the plaintiff, the complaint said.

Lola A. Espinosa today brought suit for divorce against Arthur S. Espinosa, charging desertion and failure to provide. She asked to be awarded custody of a minor child. They were married in 1922 and separated in 1926, according to the complaint.

Tony Buena, Los Angeles man, charged with petty theft, was arraigned in Justice Kenneth Morrison's court yesterday. Time for the answer to arraignment was set for tomorrow. He was held in bail of \$500.

Porfirio Duarte was sentenced to 90 days in the county jail and the sentence suspended in Justice Kenneth Morrison's court today on a charge of reckless driving. His operator's license was suspended for one year. Duarte was in an automobile accident on North Main street on September 30.

Charged with parking their automobile in restricted districts overtime, H. C. Hind, A. H. Feely and E. Cantley were fined \$2 each in police court yesterday.

M. Salido, Santa Ana, was fined \$2 in police court yesterday on a charge of operating an automobile with only one headlight.

Four persons were fined in police court yesterday on speeding charges. The total fines aggregating \$80. They were Orville Harris, 1013 North Main street, \$25; Lyon Fry, Anaheim, \$25; J. G. Gledhill, Anaheim, 15, and Hunter Adams, 1241 West Second street, \$15.

BERLIN, Oct. 31.—The opening of the World Power Conference, to be attended by representatives of 47 nations, will take place here from June 16 to June 25, 1930. Subjects to be discussed by the nations attending are: Power Distribution and Utilization; Power Resources of the World; Water Power, and Fuels.

ARCH BEACH LAND DIVIDED BY COURT

A dispute over Arch Beach property, which had been pending for many years, had been settled today by Superior Judge James L. Allen. The property was granted a request of Karl Hansen that the land be divided equally between him and Leamon H. Judson.

In his complaint Hansen asserted that he and Judson each owned a half interest in the property but Judson, in his answer, alleged that he had paid the taxes for the last five years and had been in open possession of the land.

The property in question is a 50-foot lot, valued at approximately \$5000.

Police News

A coffee urn, valued at \$100, and a tent were stolen from a tent house on a subdivision located one-half mile north of Seventeenth street and the Huntington Beach boulevard, last night, according to a report filed with the sheriff's office by E. A. Hammond.

Twenty chickens were stolen last night from the place of O. R. Freeman, near Orangeflower and Magnolia avenues, according to a report made at the sheriff's office. Footprints of three men were found in the coops.

Diego Bernal, Costa Mesa man, was arrested yesterday and lodged in the county jail on a charge of failure to appear in the Santa Ana police court on a speeding charge. The arrest was made by Motorcycle Officers Hershey and Lentz.

FULLER PARK

FULLER PARK, Oct. 31.—Mr. and Mrs. F. Cratty and grandson Dick Everett, of Fullerton, were recent visitors in Los Angeles.

Miss Nina Neal, of Artesia, and John Gage, of Olinde, were Sunday visitors in the home of Mr. and Mrs. Floyd Steele, all motoring to Long Beach in the afternoon.

Mr. and Mrs. Davis Birdwell, Jewel Marvin, Maxine Anderson, Mr. and Mrs. L. F. Jones and family, of Fuller Park, Mrs. Bud Warner and Mr. and Mrs. Tom Warner, of Anaheim, and Mr. and Mrs. John Warner, of San Pedro, picnicked at Bixby park, Long Beach, Sunday.

Visitors in the home of Mr. and Mrs. R. S. Blessinger Sunday were Mrs. Blessinger's parents, Mr. and Mrs. J. M. Hornberger, of Monrovia; a brother and his wife, Mr. and Mrs. J. E. Hornberger, of Ontario; Mr. and Mrs. A. M. Sandberg, of Fullerton, and a niece and her husband, Mr. and Mrs. Edwin Lindley, of Los Angeles.

Mr. and Mrs. R. Wilkins, of Fullerton, were visitors Sunday in the home of Mr. and Mrs. William Laybourne.

Mr. and Mrs. R. L. Anderson and daughter, Maxine, and sons, Leonard and Richard, were guests of Mr. and Mrs. Elmer Toy, of Los Angeles, at a birthday dinner for Mrs. Toy Tuesday.

Mr. and Mrs. J. Flinn and J. J. Mansfield, of Brea, L. F. Durr, of Placentia, Mrs. Mary Montgomery, of Buena Park, and Mr. and Mrs. Alfred E. Larson, of Anaheim, were callers Sunday in the home of Mr. and Mrs. J. Pope.

Mr. and Mrs. J. M. Thompson, of Santa Ana, were dinner guests Sunday of Mrs. Thompson's brother and his wife, Mr. and Mrs. G. Staplin, of Commonwealth avenue.

Mrs. Ralph Hayward, of Santa Monica, was an all day guest of her daughter and son-in-law, Mr. and Mrs. Lee Nugent, Monday.

Dinner guests in the home of Mr. and Mrs. J. H. Keppler Sunday were Mrs. Keppler's daughters and sons-in-law, Mr. and Mrs. O. E. Marshall and Mrs. Fischer, of Los Angeles, and Mr. and Mrs. F. Hooker, of North Hollywood.

Mr. and Mrs. C. S. Councilman visited the W. K. Kellogg ranch of Arabian horses at Pomona Sunday, afterwards enjoying a picnic lunch at Ganesha park.

Mr. and Mrs. Jay Adams were dinner guests of Mr. and Mrs. A. B. Rozelle in Harbor City Sunday. Mr. and Mrs. W. Ferrier were

dinner guests of Mr. and Mrs. T. B. Guthrie Sunday.

Mr. and Mrs. Carl Cox and family and Mr. and Mrs. F. Corliss had a picnic lunch at Oceanside Sunday.

Mr. and Mrs. C. B. Edwards were dinner guests Sunday of Mrs. Edwards' sister, Mrs. Rose Fiedler, of Monterey Park.

Mr. and Mrs. Lyle Cox and daughter, Shirley, of Hynes, were dinner guests of Mr. and Mrs. Matt Rojas Sunday.

Ruth Hughes attended a Halloween party given for Zella Caldwell, of Fullerton, Monday evening.

C. E. Fidler, of Valencia drive, spent Sunday deep sea fishing at Newport Beach. Mrs. Fidler was an all day guest of her father, E. C. Parrick, of Fullerton, Sunday.

Twin babies arrived at the home of Mr. and Mrs. J. L. Klesinger, of Olive street, Saturday morning, an eight-pound boy and a seven-pound girl.

Mr. and Mrs. Lester Hampton have sold their home on Whitaker avenue and have gone to Joplin, Mo.

Miss Marguerite Hill was a luncheon guest of Mrs. E. R. Lundy Sunday.

A nine-pound baby boy arrived at the home of Mr. and Mrs. J. Oglesby, of Magnolia avenue, Sunday morning.

Mr. and Mrs. William Ohland, of Dunellen, N. J., were dinner guests of their cousins, Mr. and Mrs. A. L. Cook, Sunday. The Ohlands are visiting in Pasadena.

E. Del Giorgio was a visitor in Los Angeles Sunday.

The Girls' Reserves of the Christian church held a Halloween party in the home of Miss Ruby Blythe Monday evening. The rooms were decorated with streamers of orange and black jack-o-lanterns, pumpkins and black cats.

A scarecrow at the front steps deterred the guests to the back, where two ghosts escorted them

through a maze of terrifying stunts. A program of games, music and dancing was indulged in. Refreshments of pumpkin pie with whipped cream and cider were served. Table decorations, place cards and favors carried out the Halloween motif.

Dinner guests in the home of Mr. and Mrs. J. C. Cloyd Sunday were Mr. and Mrs. T. H. Cird and Mr. and Mrs. R. R. Ackleson, of Los Angeles; Mr. and Mrs. William Mores, of Culver City; Mr. and Mrs. C. B. Barnes, of Belvedere, and their house guests, Mr. and Mrs. H. D. Cloyd, of Fresno.

Virginia La Grange and Dona Tanner were chairmen of entertainment; Hazel Steele and Betty Blythe were ghosts; Mr. Blythe was the "Holy Terror." Guests were Eleanor De Laff, Viola Beach, Dona Tanner, Virginia La Grange, Leona Koonitz, Virginia Barria, Hazel Tornquist, Georgia Carroll, Ella Ella, Alorna Closs, Pauline Closs, Lois Blackley, Lois Pryor and Eleanor Gulick, all of Fullerton, Fay Adams, Hazel Steele and Ruby Blythe, of Fuller Park; Mrs. Willard Smith and Miss Edna Mumsford.

WESTMINSTER

WESTMINSTER, Oct. 31.—Mrs. Anna Carlson entertained with a card party in her home Monday evening and room decorations were in Halloween colors.

Those playing "500" were Mr. and Mrs. Frank Johnson, Mrs. Ethel Buck, Edwin Carlson and Mrs. Anna Carlson. The color scheme of black and yellow was carried out in the luncheon menu served at the close of the games, the yellow of the persimmons and ripe olives being cleverly blended in the salad and table decorations carried the same shades.

The funeral of Mrs. Emmanuel Alacorn was held Monday after-

noon from the family home in Westminster and a large procession followed the body to the Fairhaven cemetery, where interment was made. The Rev. Peter Robles, pastor of the Westminster Mexican Methodist church, preached the funeral. Mrs. Alacorn had been ill for a long time before her death.

The Mexican Methodist Aid society met Tuesday afternoon in the church, seven members being present and they were assisted in their work by Mrs. J. A. Murdy, representing the local Presbyterian Missionary society. Seven quilts have been completed and sold by the women and they are now working on the other three for which orders have been taken.

The Westminster Americanization school has gone back to all day sessions of school. For several weeks school has been early and been dismissed at noon that the children might join their families in the walnut groves.

Mr. and Mrs. F. Prather and Mrs. Alice Clapp, of Covina, were Sunday afternoon callers in the home of Mr. and Mrs. H. B. Anderson.

Mr. and Mrs. M. J. P. Hell had as dinner guests in their home Tuesday, Mrs. Hell's brother-in-law and sister, Mr. and Mrs. Byron Crawford and daughter of Santa Ana, and in the evening a brother, Junior Brown and wife and two daughters, of Tustin, were their guests.

Chester Lee Hemstreet, son of Mr. and Mrs. Chester Hemstreet, who has been ill the past two weeks with influenza and pneumonia, is reported as out of danger but he will be confined to his home for some time to come.

Mrs. Ethel Buck returned the first of the week from a motor trip which she made Saturday to Hanford, where she visited her mother, Mrs. McNaught and other relatives.

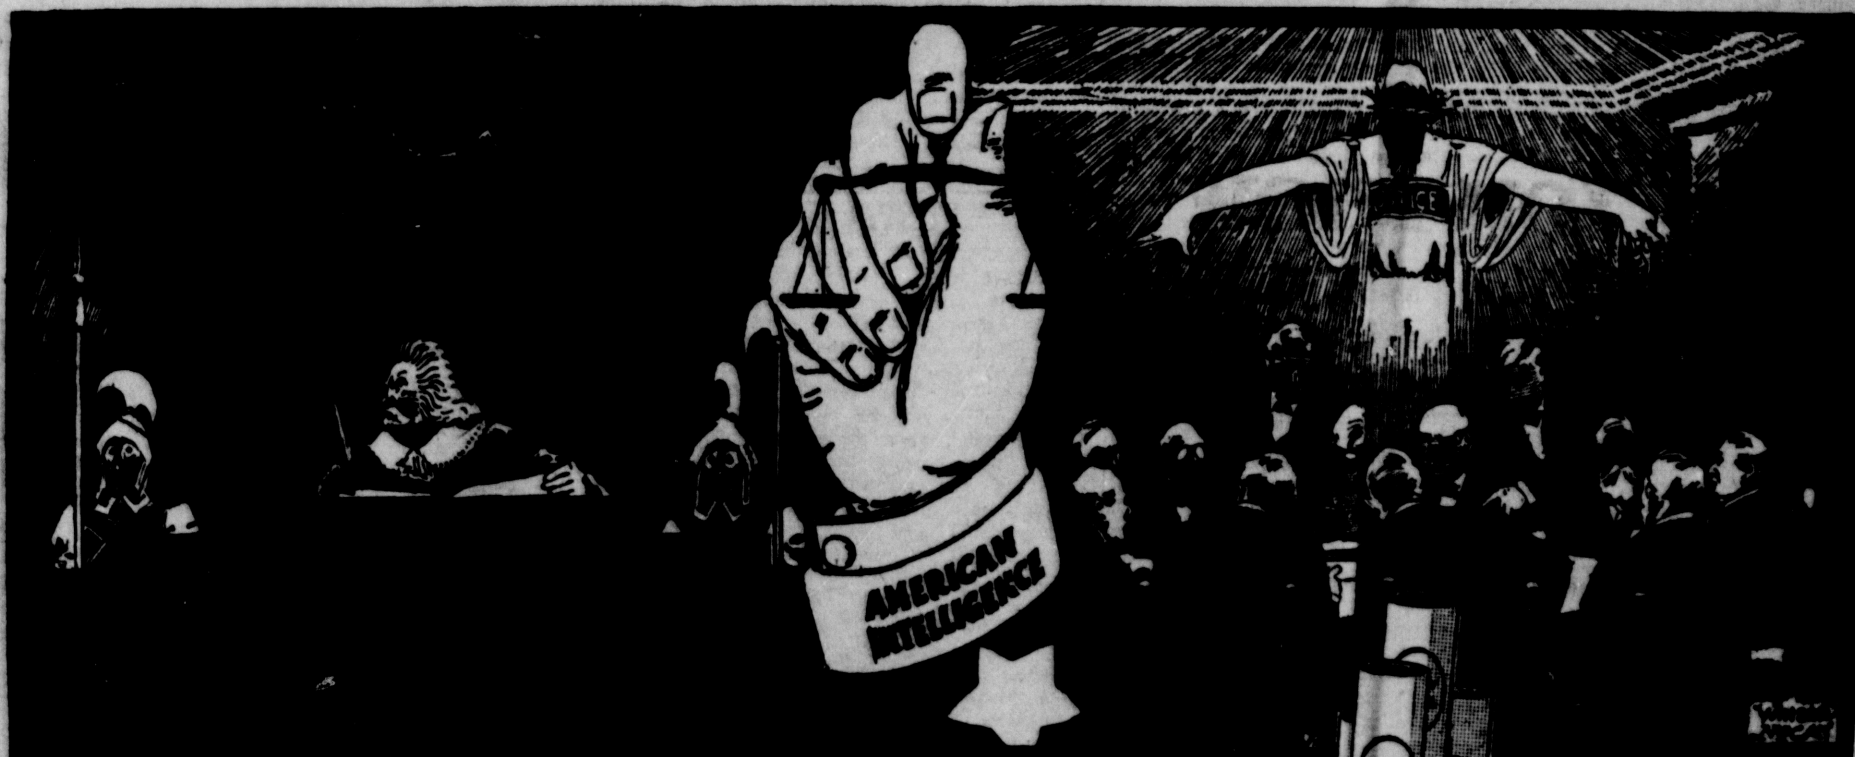

CAPE COATS

The cape coat by no means has taken a back seat. A lovely bottle green princess line coat has a cape of its fabric edged in red fox.

Justice Is Not Blind!

AN ANCIENT PREJUDICE HAS BEEN REMOVED

Justice is no longer dispensed by ignorant and individual domination. Another ancient prejudice stands convicted by AMERICAN INTELLIGENCE which insists that a jury "twelve good men, tried and true" decide the facts.

"toasting did it"—

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a radio-gram network of the K. B. C. 1229, The American Tobacco Co., Inc.

THREE NEW AIDS TO BEAUTY

DOROTHY GRAY has perfected three new preparations which the fastidious woman will welcome enthusiastically.

Dorothy Gray Eyewash is a soothing bath for the eyes. It washes away the tiny specks of irritating dust, and keeps your eyes clean and clear.

Dorothy Gray Hand Cream makes your hands smooth and soft. It is ever so delicately scented, and it is particularly delightful because it does not leave the skin the least bit sticky or greasy.

And to check the distressing pimple which occasionally besets even the loveliest skin, Dorothy Gray has made Pimple Lotion. It is wise to keep a bottle on hand. Then at the first sign of a pimple, put on a little of this lotion, repeat from time to time, and the blemish will never develop.

All the Dorothy Gray preparations and make-up accessories may be seen at our Toilet Goods Department.

LEGION WOMEN RESUME GLEE CLUB PRACTICE

With all members now returned from late summer travels and eastern trips which followed attendance at the National American Legion Auxiliary Glee club now in readiness to resume its place in the community's musical affairs and will begin its weekly rehearsals next Monday night in the first Christian Community house.

The Christian church has been donating the use of the community house and its piano for almost two years and the chorus members have met there regularly on Monday nights under the direction of Cecil Fross Willis.

In revenge for being knocked down by the motorcycle of a farmer, a French farm hand recently lay in wait for the cyclist's return, then shot him dead.

This Home Treatment Swiftly Rids You of Varicose Veins

Isn't it wonderful—at last you can get rid of the most swollen veins right in your own home and without having to wear any cumbersome and old-fashioned rubber stockings—just get a bottle of Moore's Emerald Oil at C. S. Kelley Drug Co. or any drug store.

The great antiseptic and marvellously soothing and penetrating power of Emerald Oil quickly stops that throbbing pain and soreness—it magically reduces the most enlarged veins back to normal again.

Next time you go out don't fail to get a bottle of this splendid Oil—or better yet, call up your druggist this very minute before you forget and have him send it to you. It'll assure you a leg and foot comfort, a beauty aid which can't be beaten. Now aren't you just overjoyed to feel that in a few weeks all those unsightly Varicose Veins will be chased away and your legs will be attractive and beautiful like other women's!—Adv.

MAGAZINE ON MUSIC ISSUED IN SANTA ANA

A new publication made its appearance today in Orange county homes when volume 1, number 1, of the Music Lovers' Visitor was issued by the Santa Ana Conservatory of Music. Neat in design and attractive with its cover page of a genuine little maiden of the Victorian period seated at her melodeon, the little paper has for its theme, "Music for everyone: Everyone for music."

It is the intention of D. C. Clafford, director of the conservatory, to issue the paper at the beginning of each month with the idea of bringing to the public current music news of interest and a forecast of all musical events of the community in order to familiarize readers with the activities, aims and progress of musical folk of the county. November programs, as outlined, included the Conservatory Faculty recital, to take place at 8:15 tomorrow night, in Ebell auditorium; Santa Ana Cantando club concert of November 19, in the high school auditorium, and the Orange County Grand Opera company, in "La Traviata," on the night of November 26, in the Fox Spurgeon theater.

The "Visitor" carries short articles regarding the installation of the new Estey organ in the conservatory and the formation of classes for organ students in French, Italian and Spanish.

The faculty of the conservatory is given prominence in the first issue, beginning with D. C. Clafford, bachelor of music, member of the Authors' association of Rome, Italy, and director of the Santa Ana conservatory. Other members as listed, include Guy Bevier Williams, concert pianist; Vernon Robinson, B. M., pianist and organist; Miss June Hartmann, B. M., piano; Miss Dorothy Hurd, B. M., piano; Miss Rala Topitsky, pianist; Elwood H. Bear, concert master of Santa Ana Symphony orchestra; violinist; Georgia Belle Walton, violin; Edward H. Burns, cello; Carl Sibbert, formerly leading violinist of the Aborn Grand Opera company, of New York; vocal; Margherita Marsden, mezzo-soprano, director of the Treble Clef club; Mrs. Taylor Johnston, coloratura soprano; Mrs. E. J. Galloway, dramatic art; Miss Frances Knudson, dramatic art, and Gladys Simpson, dramatic art and plays.

Poly Hi And Jaysee Notes

Plans for the Santa Ana Junior college musical calendar have been approved by Miss Myrtle Martin, head of the music department, and include a concert which will present members of the college glee clubs, women's quartet and orchestral and individual selections. Those who won places in the women's quartet in the recent tryout are Miss Katherine Kirven, first soprano; Miss Frances Harper, second soprano; Miss Audrey Schmid, first alto, and Miss Nada Hill, second alto. Members of the men's quartet are Clark Brown, first tenor; Arthur Beddoe, second tenor; Simon Toelle, first bass, and Virgil Purvis, second bass.

Over 50 Santa Ana Jaycee women already have signed up for the Young Women's Christian association retreat, which will be held November 1, 2, and 3 in Camp Emma Otis, in the San Bernardino mountains. Committees for the affair include Miss Isabelle Sircusa, refreshments; Miss Virginia Thomas, transportation; and Miss Elisabeth Hurd, activities. Many reservations have been made for the Y.M.C.A. retreat to be held in Newport Beach, according to George Warmor, Y.M.C.A. president.

An unusually interesting assembly program was given yesterday by the junior college students in the high school auditorium. Everard Stovall, talented young pianist, played a Chopin number and an encore. The high school boys' double quartet, under the direction of Miss Myrtle Martin, sang "Fourteen Men On a Dead Man's Chest," "Spirals," a clever one-act play, directed by Ernest Crozier Phillips, was presented by a cast including Mrs. Mona Summers Smith, Mary King, Miss Clara Kate Owens, Robert Squire and Willie Carlyle.

At a meeting of the Santa Ana junior college executive board, this week, final approval of the new college budget plan was given by the faculty and students. According to the budget, all income from the various college activities shall go into the college fund and be distributed on a percentage basis, with the exception of the Don, advertising proceeds from which shall be used by the Don only. Although the Brotherhood of Bach-ellers refused any help from the school, the Junior Lions have accepted the offer of the board to make up any deficits incurred in their dances up to \$40, providing a charge of 50 cents is made for the guests.

J. H. Crawford, executive of the Sierra Paper corporation, Los Angeles, spoke yesterday before the combined Santa Ana high school printing classes on the subject of "Making Paper."

TUSTIN

TUSTIN, Oct. 31.—Miss Louise Vance, a student at Occidental college, spent the week end in the home of her parents, Mr. and Mrs. C. A. Vance.

Guests in the H. A. Ritter home Sunday were Mr. and Mrs. Virgil Deaver and family, of Escondido. Ben Aldrich has returned from a week's deer hunting trip in Utah.

Lowell Alder is expected home this week from a hunting trip around St. George, Utah. Sunday guests in the C. A. Samuelson home were Mr. and Mrs. James Threlkell and son, Frank, of San Bernardino; Miss Carolyn Elmore and Mrs. Pearl Hand, of Orange, and Mrs. Kate Prugh, of Des Moines, Iowa.

Mrs. Murphy, of Mountain View drive, is seriously ill at the Santa Ana Valley hospital.

Mr. and Mrs. R. Cawthon and Mrs. L. C. Penney and children, Melva, Helen and Junior, of San Diego, were guests in the A. R. Morris home Sunday.

C. A. Samuelson, of Pacific avenue, returned to his home yesterday after a five months trip to the east on business. Mr. Samuelson spent much of his time in Iowa and Kansas and also made a brief visit in Oklahoma.

EVERY GIRL'S CLUB PROGRAM IS ANNOUNCED

The program for the Fathers and Daughters banquet to be held in the First Methodist church Friday night by members of the Julia Lathrop junior high school was announced today by Mrs. Iva Webster, dean of the Every Girl's club in the school.

Following the doxology and grace, Miss June Bright, club president, will deliver the address of welcome on the subject "Building." Responses are to be made by Miss Margaret Brugger, of the low seventh grade; Miss Katherine Atwood, of the low ninth grade, and F. C. Rowland.

H. G. Nelson, principal, will talk on "The Foundation" and Miss Ruth Warner will give a reading, entitled "The Builders," by Longfellow.

One feature of the program will be a parody on "The House That Jack Built" and will be given by a group of the Every Girl's club. Brief talks on the building materials are to be presented as follows: "Scholastic," Miss Phyllis Gerrard; "Art," Miss Dorothy Carey; "Household Arts," a group; Miss Edith Cornell, instructor, will sing Cadman's popular solo selection, "The Builder." A group of the girls will present "Health Habits" in a novel way and J. A. Cranston, city superintendent of schools, will conclude the program by talking on "The Completed Building."

COTANT BACK FROM VISIT IN BAY CITY

C. L. Cotant, manager of the Santa Ana branch of the Bank of Italy, who was in San Francisco last week on business, has returned to Santa Ana, making the trip from the northern city by air liner. He went north by steamer.

While in San Francisco he attended a dinner as the guest of A. P. Giannini, prominent Pacific coast financier, and Moreo Giannini, his son.

Other prominent banking officials at the dinner included Elisha Walker, president of Blair and company, of New York City, and A. J. Mount, president of the Bank of Italy.

Brethren Church Plans To Present Musical Program

A musical program of unusual interest will be staged in the Church of the Brethren, Ross and Camille streets, at 7 o'clock Sunday night, by the Orange Blossom Singers, a musical organization from La Verne. The Rev. Edgar Rothrock, pastor, issued an invitation to the general public today to attend the special service.

The program as announced today, will include the following numbers:

"Glorious Things" octette; devotion and introduction; "What Did He Do?" octette; "One Sweetly Solemn Thought," octette; "The Old Clock Chimes" and "The Rhythms of His Love," Orange quartet; Negro spirituals, "When I Think" and "Ezekiel," octette; selected solo, by Harvey Brubaker; "Old Uncle Moon" and "Men of America," octette; "Come, Spirit Come" and "Bells of Shards," octette; "Jesus Satisfies Me" and "Gone Home," octette.

'CHILDREN OF MOON' SLATED AT LAGUNA

LAGUNA BEACH, Oct. 31.—More than usual interest is shown in the production of "Children of the Moon," the play to be given by the Community Players Friday and Saturday nights at the Community club. It is the first serious play which has been attempted, being a tragedy.

The play is by Martin Flavin and is directed by George Dunham. It is the story of a family in which some of the members go slightly mad when the moon is full, a fact which is not generally known.

The Community Players may be merged with the Community club and the Little Art theater if a general meeting of the members of the Community club, called for November 13, ratifies the proposal to sell the property of the club to a new organization which will be composed of members of the club and of the two theatrical organizations.

The players are Charles Radford, Judge Atherton; Ella Jane La Pierre, Madam Atherton; Dorcas Pilling, Laura, the mother; Ruth Collins, the daughter; Rex Hoover, Mayor Bannister, aviator; William Riddell, Dr. Wetherell, a friend of the Athertons; Richmond Prowse, Walter Higgs, the aviator's assistant; Joseph Armitage, Thomas, servant to the Athertons.

G.A.R. VETERANS OF SANTA ANA GO TO FUNERAL

Funeral services conducted early this week in Los Angeles for the Rev. Hugh C. Turner, retired member of the Illinois conference of the Methodist Episcopal church, were attended by members and representatives of the Grand Army of the Republic, of which the Rev. Mr. Turner was a former commander.

The death of this prominent clergyman and veteran of the Civil War, occurred Saturday, October 26, 1929, in the home of his son, George Edward Turner, with whom he had made his home since the death of his wife, the late Mrs. Mary J. Turner, at that time the Rev. Mr. Turner resigned as commander of Sedgewick post, No. 17, Grand Army of the Republic, at Stanton post No. 55, Los Angeles.

Born in Monaghan county, Ireland, August 1, 1847, Hugh C. Turner came to this country in 1856, accompanying his mother and two sisters who had been preceded to the new world by their husband and father, Edward Turner.

In 1864, when a lad of 17, Hugh Turner volunteered for service in the Union army enlisting with Company D, Eighth Illinois Infantry and saw active service in Arkansas, Alabama and Louisiana campaigns until the conclusion of the war. He then entered Olivet college at Olivet, Mich., later teaching school in Pike county, Ill., until he entered the Illinois conference in 1872. In that same year he was married to Cynthia L. Orr whose untimely death followed within the year. In October, 1885, he married Mary Jane Day, eldest daughter of Charles C. Squier of Hardin, Ill., and their only son, George Edward Turner was born January 15, 1887.

Continuing in active ministry in Illinois for 44 years, Mr. Turner resigned in 1924 when he and Mrs. Turner came to California to be near their son.

MIDWAY CITY

MIDWAY CITY, Oct. 31.—Bishop Galloway, of Colton, joined his wife and baby son Sunday in the home of Mrs. Galloway's parents, the Rev. and Mrs. J. J. Woodson, taking them home with him that

evening. Mr. and Mrs. Cecil Sanders of Huntington Beach, son-in-law and daughter of the Rev. and Mrs. Woodson, also joined the family party in their home for the day.

"Singing cop," who is a friend of the family, delighted with a number of vocal selections, accompanied at the piano by Mrs. Adams, while Mrs. Hollis drew interest to the reading of plans and a number of Halloween games and stunts. Mrs. Marie Hare and Mrs. Lyle Noble took turns in furnishing dance music for the company.

A lovely big wedding cake was cut and served with the other refreshments. Mr. and Mrs. Snow were the recipients of many beautiful gifts of glassware presented by their friends.

The guest list was as follows: Mr. and Mrs. G. G. Hollis, Dorothy Hollis and Regis Fors, of Los Angeles; Mr. and Mrs. Merton Penhall, of Cypress; Mr. and Mrs. A. Craig, Mr. and Mrs. George Stinson, and Mrs. Adams, of Santa Ana; Mr. and Mrs. Claire M. was ill a few days.

Earl, of Sunset Beach; Mr. and Mrs. Fred Basse, Mr. and Mrs. James Monroe, Mr. and Mrs. D. D. Campbell, Mr. and Mrs. George Clough, Mr. and Mrs. Francis Penhall, Mr. and Mrs. Orel Hare, Mr. and Mrs. O. J. Day, Mr. and Mrs. Clyde Day, Mr. and Mrs. Raymond Penhall, Mr. and Mrs. Ray Burns, Mr. and Mrs. A. B. Crane, of Westminster; Mr. and Mrs. W. M. Schmidt, Mr. and Mrs. L. H. Noble, Mr. and Mrs. Harry Manes, Mr. and Mrs. Charles Parr, Mrs. M. C. Craig, Mr. and Mrs. A. G. Snow, Valley, Phyllis and Merton Snow of Midway City.

Around 50 members of the Nazarene Sunday school motored to Irvine Park Saturday on a picnic, taking their picnic lunch with them and enjoying a full day's outing. The picnic was one observing the arrival of the Sunday school enrollment at the 190 pupil mark.

Mrs. John Harper Jr., has returned from the hospital, where she was ill a few days.

Any wife can
choose these new
shirts

for her husband while he is
at work wearing out old ones.

Model married men strive to please their wives in matters like shirts so it really doesn't make any difference who selects the patterns.

Married women who know the designs their husbands look best in find a veritable wonderland of materials and designing at \$1.95 to \$3.50.

While you are here—you can match or harmonize neckwear perfectly!

San Francisco on business." And to think Stanfor' lost!

Isn't It Terrible!

Worse than the great floods and earthquakes, worse than billboards, worse than fadigestion, worse than the huddle in the huddle room, worse than the Medley, worse than the failure of agreement on flood control and water conservation, worse than anything we can think of happened Sunday afternoon when a certain radio station played "I'm Walkin' Back to Alabama," and immediately after the announcer told how to cure VARICOSE VEINS!

And then we wonder what's the matter with our present civilization!

"WATCH FOR RED SPIDER-BROOK"—Register headline. "Red" has gone for good. A dejected lover, "Red" departed for parts unknown when Mealy Bugs married "Smudge" Post last week.

THE PUBLIC OFFICIAL

Who is the real public officer? He's the man who can stand the gaff:

He's the bird who goes through, like other folks do, And who under the fire won't chaff.

He's the man who does his duty No matter who makes complaint; I could tell you a lot of the stuff he's got, But best tell you what he ain't.

He's the fellow who fires the unruly, No matter whose ox is gored; And he's never so weak that he can not speak Right out in the meet of the board.

He never goes into a huddle, Like in days that used to be; He knows that his work can not be in the lurch, For his job is for you and for me.

He's the man who can recognize people, And is courteous with their appeals; He's the man who has sand to follow laws of the land, Matters not how he personally feels.

Some day many folks will grow weary, (And by way of forecast I'll remark) They'll put in some men who have no huddle den To keep public work in the dark!

GIRL SLAYS MOTHER

PARIS, Oct. 31. — Because she wanted to obtain possession of a farm, worth only a few francs, Augustine Agogue murdered her aged mother. The mother was found hanging in a building near Gully, with a note reading, "Accuse nobody. I am taking my own life." A neighbor remembered that the mother could not write and Augustine was arrested. She finally confessed.

SCHOOL NEWS

Frances Willard

Essay Prizes Awarded

W. C. Jerome, president of Santa Ana Chamber of Commerce, attended the opening exercises of the Frances Willard junior high school assembly last Friday morning and presented the prizes to the three Willard winners: Pearl Bachman, 8th grade, first; Mary Paxton, 8th grade, second; and Etta Cole, 7th grade, third prizes. All the essays were written during First Prevention week on the subject "How to Make Santa Ana Safe From Fire Destruction." Willard is proud to have shared so favorably in the contest.

The average daily attendance to date shows an increase over last year's attendance for the same period of time. Willard is sixth in the list of percentage of attendance during the first month of school. This shows a good record and it is hoped that the splendid record may continue. Regular attendance is invaluable to students, to their parents and to the community. Regularity is one word that is the first rule for success.

Snappy Dinner Party

The cabinet members of Julia Lathrop and Frances Willard schools had a meeting at Ketter's for dinner last Thursday evening. The girls accomplished a great deal in making plans for the Willard-Lathrop Play day which will be held December 7.

The guests included Mrs. Z. Dixon, Miss Dorothy Broadway, and Miss Gene. The captains of the Willard teams who attended the party were Lucile Baker, Helen Illingsworth, Betty Lee, Mildred Franke, Josephine Madrid, Alma Garth and Twila Heath. There were also Betty Rowland, volley ball manager, and Betty Barkman, cheer leader.

—Younghi Park.

Guest of Service Club

Henry Unmack was the honored guest of the Willard Service club last Tuesday noon. Mr. Unmack, who is Boy Scout field executive, gave an interesting talk about various phases of his work. During the business part of the program, Howard Rash, president, presided.

—Hubert Dale.

Class Boasts 100% Bankers

The high 7 class, Jack Duncan's home room, reached a perfect record last Wednesday for bank depositors. There are 34 members of the class and all have taken out bank accounts and are aiming to be regular depositors. The school savings plan is one of the most helpful, progressive plans that has been instituted as a school project. Those that have become regular depositors have a feeling of pride and responsibility in learning the value of saving money. Every Wednesday is bank day and many other classes are hoping to make this splendid record in the near future.

Willard Welfare Meeting

The L. O. U. problem was settled by a suggestion made by Marjorie Lauderbach at the last meeting of the Willard Welfare club. She suggested that those who borrow lunch money and forget to pay back by the second meeting be fined five cents. This will not only clear up the debts but will teach the girls a little lesson in thrift and promises.

For the day's program each member was given a slip of paper on which was written some stunt to be performed. Following the scheduled program the girls had a session of parliamentary drill at which time the vice president, Dorothy Wykes, presided.

—Josephine Madrid.

Home Room Plan

The following officers in Mrs. Lura Liverspire's class was elected to serve this term: Murray Patton, president; Mary Wallace, secretary; Ellen Frazee, treasurer; Gertrude Vaughan, reporter.

The class has been making a drive to attain 100 per cent body fees, and members are also discussing ways of earning their own money for depositing in school savings each week. The following students have been selected to boost the savings plan by representing the various city banks: Mary Paxton, Farmers and Merchants; Ellen Frazee, First National; Neva Tully, Bank of Italy; Elizabeth Garlock, Commercial National bank; La Donna Bogart, Los Angeles First National. Their number of depositors has increased each week.

Boys' Chorus Organized

Miss Esther Jean Davis, director of music at Willard, has organized a special chorus of boys which meets on Monday and Tuesday morning before school. These

WOMEN SHOULD LEARN USES OF MAGNESIA

To women who suffer from nausea, or so-called "morning sickness," this simple measure is proving a blessing. Most nurses know it and it is advised by leading specialists.

Prepare a small quantity of finely cracked ice—about a wineglassful. Pour over it a teaspoonful of Phillips Milk of Magnesia. Sip slowly the mixture is gone or you are entirely relieved. It is seldom necessary to repeat the dose to end sick stomach or any inclination to vomit.

Its anti-acid properties enable Phillips Milk of Magnesia to give immediate relief in heartburn, sour stomach, gas. Its mild, but effective laxative action assures regular bowel movement. Used as a mouthwash it helps prevent acid erosion and tooth decay during expectancy.

With every bottle of Phillips Milk of Magnesia, come full directions for its many uses. All drug stores have the 25c and 50c sizes. Demand the genuine, endorsed by doctors for over 50 years. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Chas. H. Phillips Chemical Co. and its predecessor, Chas. H. Phillips, since 1875. Adv.

boys are getting much valuable practice and expect to sing in public whenever there is a call for such service.

The first tenors are Vincent Barkman, Charles Blanchard, Tommy Croddy, William Gurnutt, Bruce Drake, John Fainburg, Gilbert Gonzales, Albert Hill, Kick Key, Frank Marr, Everett, Martin, Francis McQueen, Harry Owings, Gordon Paul, Earle Rankin, Philip Smith, Elbert Stewart, Billy Twist, Harris Warren and Brooks Wright. Second tenors are Reese Allison, David Beall, Milford Carman, Willard Courtney, Charles Downie, Duane Holmes, Robert Johnson, Thomas Lacy, Boyd Lentz, Donald Lentz, Alfred Oliphant, Preston Piper, John Ramirez, Don Stevens, Ivan Williams and Fred Cartwright.

First basses are George Chapman, Elmer Curry, Asa Hoffman, Bud Hood, Carl Kennedy, George Opp, Albert Pickhardt, Waldo Smith, John Tatum, Lawrence Velarde, Robert Wimbush, Harold Woodward. Second basses are Gordon Adams, John Bittle, Clair Gilson, Walter Hendrie, Charles Love, Jack McClay, Bob McNeill, Ray Miller, George Niehaus, Melvin Patterson, George Pierson and Wayne Stillings.

Miss Davis and these boys deserve considerable credit for their special effort. No credit is given for this extra work.

Edison School

Pupils of Edison school will soon have plenty of room. Four new rooms, a kindergarten, and an auditorium will be built. Teachers and pupils are eagerly waiting for these.

Work will be easier and more pleasant when there will not be so many children crowded into one room.

Dorothea Ellen Sable.

Helen Koral of the sixth grade won first prize in the Light Golden jubilee essay contest. We are proud of all who have worked hard and won prizes.

—Marjorie Volmer.

Monday, October 21 Edison school had a program in honor of Thomas A. Edison. Helen Koral read to us a copy of her prize essay.

Thirty pupils who had sent in complete sets of answers to the questionnaire received medals.

Helen Messenger.

In the "Fire Prevention" essay contest, Martha Frank won first prize for fifth grade pupils. She received a check for two dollars. Mary Couch won the second prize for sixth grade. She received a check for one dollar.

Zanelli Morton.

Our third grade has been doing some very interesting work in the geography class. In the sand table we made an African village. Little negro people and monkeys are in this village.

Betty Scheidle.

At Edison school the play apparatus, bicycle racks, and the sand pile have been removed. New rooms will be built where they stood.

Georgia Terry.

In nature study classes we have been learning about the cat family. We have written lists of the "big cats." We have many pictures of them. Pet cats will be brought to school for observation.

Charles Maxwell.

The kindergarten has won the bank banner each week since school began. The sixth grade is going to try to win it this week.

Virgil Craig.

Mrs. Hughes is sponsoring a poem contest. The one who hands in the best poem gets some special prize.

FREE PROOF
that you can end
Sour Stomach
with
a Tasty Tablet!

Too much acid in the system will upset any stomach. Many people suffer after every meal, not knowing how easily this condition can be corrected. There is a simple way to neutralize all this excess acid. Pape's Diapepsin will do it.

These tasty tablets neutralize the acid quickly, and completely—and do nothing else. They do not affect the contents of the stomach or the bowels. But they do dispose of the acid—the cause of nine-tenths of all "stomach trouble."

Why pay for every little indulgence with pain of indigestion? Or deny yourself the things you would enjoy for fear of gastric disturbance? Just try these pleasant tablets that you may dissolve in the mouth or munch like candy. No sooner swallowed than a delightful sense of relief is felt. And this alkaline treatment is good for you.

FREE! Clip and mail to Pape's Diapepsin, Wheeling, W. Va.

Helps Your Stomach To Help Itself

cial privilege or honor. Seven children have handed in original poems. Those who have handed in work are Charles Maxwell, Virgil Craig, Ben Craft, Lois Elison, Etta Lounabury, Andrew Marquez and Irene Wyckoff.

Men are already getting the ground leveled for the new buildings at Edison school. They will start work at once on the four new class rooms, the kindergarten and the auditorium. It is hoped they will be ready for use during the last semester.

John Brittain.

On Tuesday, October 22, Edison's senior indoor team played a practice game with Roosevelt. Edison was ahead until the second out in the last inning. The score was 12 to 8 in Roosevelt's favor. It was a very interesting game.

Hugh Soxarth.

Edison's senior team played Lowell's senior team. We all played well but Lowell beat us by a close score of 12 to 10. The two umpires were Elwood Lindley and Arthur Johnson.

The lineup was: Arthur Porter, catcher; Frank Dahm, pitcher; Billy Jones, first base; Lyle Hansen, first short; Loyal Hengstler, second base; Bob Reid, second short; Harold Jesse, third base; Harold Eastham, left field; Edward Eastham, center field; Charles Maxwell, right field; Andrew Marquez, right field.

Bob Reid.

If Baby has COLIC

A cry in the night may be the first warning that Baby has colic. No cause for alarm if Castoria is handy! This pure vegetable preparation brings quick comfort, and can never do the slightest harm. Always keep a bottle in the house. It is the safe and sensible thing when children are ailing. Whether it's the stomach, or the little bowels; colic or constipation; or diarrhea. When tiny tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it suitable for the tiniest infant, and for frequent use.

And a more liberal dose of Castoria is always better for growing children than some needlessly strong medicine meant only for adult use. Genuine Castoria always has Chas. H. Fletcher's signature on the wrapper. Prescribed by doctors!

"I'll be glad to see you!"

"my new store is wide open!"

"You know how a man feels when he has been away from home for a long time and returns, eager to meet all old friends the first day! That's about how I feel after the few months away from the old White Cross!"

"If you don't think I'll be glad to see you in my NEW store, just drop in and watch me break out into joy! . . . I've been in business too long in Santa Ana to be able to subsist without the friendship of a list of customers."

"And now I have a new store that meets my ideas . . . and ideals . . . and I want you to see it. The Formal Opening will be held later . . . but it's open now . . . to my friends!"

Second and Main Streets Builders' Exchange Building

Santa Ana

World's Largest Manufacturers of Pumps and Water Softeners

Whats On the Air! News for the Fans!

RADIATING with the Radio Editor

Because many sections of the United States now have non-standard electric current and voltages. A movement has been set afoot by the Radio Manufacturers' Association to standardize current and voltage throughout the country and that action should prove of benefit to listener and manufacturer alike—Up-to-date receiving sets, which operate on 110 volts, 60 cycle alternating current, are useless in those parts of the country served with other current and voltage. It is pointed out—Alternating and direct current are used. With 20 different voltages in as many different sections of the nation—Standardization will make it possible to make more rapid strides in the development of receivers as well as giving to everyone the opportunities for first-class reception.

Something new in the advertising line was revealed today by the Turner Radio company, on West Fourth street, when it announced the plan of the Victor Company, for which it is a Santa Ana representative. Of buying in as many old Victor Records as possible and offering, for them, credit on new records—Turner is authorized to offer 10 cents credit on every Victor record brought to the store, providing the old records are Victor's and unbroken—No limit is placed on the number of records which may be turned in and, as we see it, the plan offers persons who possess many of the old-time records a splendid opportunity to fill the cabinets of their Victor's with new records at a tremendous saving.

Monopoly Inquiry Will Be Resumed

WASHINGTON, Oct. 31.—Immediately upon the passage of the tariff bill, the investigations by congress into the fields of radio, telephone, telegraph and cable communication, suspended last spring, will be resumed.

Big Stations Being Quizzed On Use Of Waves

GETTING BACK AT THE DOG

It was a mean trick for the owner of this English bulldog to clamp a set of earphones over this mutt's head and force him to listen to the howling of the air. Just look at the set—one of the relics of yesteryear when there was a whistle to every wavelength and a howl to each twist of the dial. No wonder the poor scroog looks mystified.

BEFORE THE MIKE

Struggling composers looking for a "break" in New York may find their opportunity in the kindness of Paul Specht, famous conductor who broadcasts his orchestra music on the Columbia system from the new Governor Clinton hotel. Paul has collected the most promising compositions that failed of publication and hopes, by broadcasting them, to help their composers to popularity.

"Good evening everybody," is the salutation Sam's characteristic way of opening his program at KDKA, Pittsburgh, and "This is the station" is the way he signs off. They are peculiar to Sam. Spectacles pull down over his nose, and this deal in "smiles, shades and laughs" crowds a lot of spectators and jokes into a short period over KDKA.

hw series on the air: French lessons, CBS, Wednesdays at 6 EST. Kido Dramas, CBS, Tuesdays at 8:30 EST. "Antony Pickers," NBC, WEF network, Fridays at 10 EST. "The New Business World," NB Saturdays at 7 EST.

Downers Grove Sunday Evening club, WENR, Chicago, Sundays at 8, CST.

Essentials of Drama, WBZ, WBZA, Boston - Springfield, Fridays at 12:08 EST.

"Heroes of the World," NBC WEF network, Sundays at 7 EST.

Sierra Serenaders, NBC Pacific system, Saturdays at 8:30 PST.

Song recitals, KFI, Los Angeles, Thursdays at 9:30 PST. Second Universal Safety Service, NBC, Tuesdays at 7:15 EST.

WTAM comes back again with bridge on the air. This time, however, there will be no playing of games before the mike. Edward C. Wolfe, the bridge expert, will merely lecture two afternoons a week.

Five of WTAM's new entertainers will be introduced for the first time to Lake Erie's penetrating blasts this winter, for they come to Cleveland from down south. "The Three Girl Friends" come from Hollywood, while with them will be Sue Baxter from the cotton belt and Smilin' Ed McConnell, also from down south.

Jane Froman of WLW, Cincinnati, may be "moulin" low about so many romantic experiences, but she's just a demure college grad from the University of Missouri completing her musical education at the Cincinnati Conservatory of Music.

J. Francis Laux was until recently sports announcer and studio director at KVOO, Tulsa, but his way of covering football games of the "Big Six" and the Missouri Valley conference got him a job with KMOX, at St. Louis. Laux is the second of the station's sports men, the other being Bill Mack of "Hot Stove League" fame.

The man behind the mike at a football game is no mere announcer. He must be a confirmed football fan and authority. In fact, Warren Williams, KOA's football reporter, is also a past all-conference quarterback and calls many plays even before they have been consummated.

Tells Skinny Men How to Gain Weight

Money Back If You Don't

If the flat chested man whose ribs are almost bursting thru his skin doesn't try to make himself look like a real man, no one else will. When any man or woman needs more weight they ought to be told that the greatest of all flesh builders is McCoy's Tablets. McCoy takes all the risk—Read this ironclad guarantee. If after taking 6 six cent boxes of McCoy's Tablets or 3 One Dollar boxes and thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvements in health—your druggist is authorized to return the purchase price—Adv.

GERMAN RADIO CARRIES PARIS STREET NOISES

By SAMUEL DASHIELL

United Press Staff Correspondent

PARIS, Oct. 31.—Franco-German rapprochement is taking a popular form these days with the transmission by radio of the street noises of the two capitals.

The experiment was first made with the crowded rue de la Gaite in Montparnasse which is one of the most typically gay and Parisian byways of the city. The microphone was carried in and out of cafes, placed before the little theaters, at movie entrances and at the street corners where excited students and gossips, tourists and bearded old settlers all mingle in one colorful throng. The noises were sent to Frankfurt where they were diffused throughout Europe, although the experiment was explained by a German who has a sympathetic understanding of the French capital.

Hear Cafe Noises

Germans heard these noises in the popular quarter, after which the mike was carried to a famous cafe near the Comedie Francaise frequented by well-known authors and actors. The noise was explained as follows: "The sounds you are now hearing come from the most celebrated French authors and dramatists. Listen to them call the garcons, listen to them tap the marble tables to call the waiters; listen to them laughing and talking and above all listen to that little clatter of saucers."

The little saucers, incidentally, indicate the number of beverages clients have in French cafes, and to add the bill, the waiter simply adds the numbers of prices printed on the edges of the saucers. The sidewalks of Paris were further reproduced when radio apparatus was carried to the Place de l'Opera, which is the pulsating heart of the city. Traffic noises, probably many subtle and savage oaths from French chauffeurs, horns, brakes and conversation was diffused over Germany, while all the time the German voice of the interpreter was saying: "This is the Avenue de l'Opera, here is the Cafe de la Paix, where all the world meets, listen to the crowds, half of whom are sitting at tables, watching the other half promenade by."

Conceived by Schoen

The project was conceived by Ernest Schoen, director of the Radio Post of Frankfurt. Schoen will transmit other noises soon, especially those exotic strains and melodies of the Bal Negro, which is a negro dance hall. Later he will transmit the Bal Algerien, where an equally strange set of noises occur.

Schoen declares that all cities can exchange noises in this way, and even the old sidewalks of New York may soon rattle and throb for the Parisians, the Berliners and the Viennese.

A reciprocal exchange might be all the more interesting to Americans, especially if the mike could be taken to some of Montmartre's jazz temples, or to some of the monumental cafes of Montparnasse, or even better, to the Hofbrau and beer gardens of Berlin and Vienna, where the Americans might be lulled by the joyous effervescence of beer foam, the clicking lids of Kruskals and steins, and the seductive strains of a Viennese waltz in Vienna itself.

16,000 Miles Of Wire Used Daily In Majestic Radio

A total of 16,000,000 pounds of radio wire, more than one-fourth of the entire output of this kind of wire in the United States, will be used during 1929 in the manufacture of Majestic radios, according to Burr Shaffer, Santa Ana Majestic dealer, 415 North Main street.

Word has just been received from the Grigsby-Grunow company, of Chicago, builders of Majestic radios, that approximately 16,000 miles of this wire is used daily in the 5000 Majestic radios which are now turned out every 24 hours, Shaffer said.

In addition to this some 12,000 pounds of tin foil are used daily for condensers, thousands of pounds of specially prepared paper, tons of steel for the chassis and tens of thousands of screws, nuts and bolts.

Merger Of Earl, Kolster Broken

NEW YORK CITY, Oct. 31.—C. A. Earl, president of the Earl Radio corporation, announced today that the contract between the Kolster Radio corporation and C. A. Earl, under which it was contemplated that the Kolster Radio corporation would ultimately obtain control of the Earl Radio corporation and its subsidiaries, has terminated by the consent of the parties to the agreement and that the Earl Radio corporation would continue independent as heretofore.

YEAR DOUBLES TIME DEVOTED TO AIR DRAMA

NEW YORK, Oct. 31.—Time devoted to broadcast drama by the National Broadcasting company has been doubled since last January, according to a recent survey, and there will be a steady increase in the hours of dramatic entertainment during the coming season, say NBC program executives.

Last January the NBC presented periods of dramatic entertainment totaling less than five hours a week. In July of this year time devoted to this type of broadcast has increased to six hours and now the average is more than 10 hours a week.

The reason for this increased interest in radio drama is found in letters received from listeners during the past six months. Radio plays are believed to be more popular than ever before in the history of broadcasting and as the technique of presenting a dramatic production with only dialogue and sound effects is developed, a corresponding increase in interest is expected.

Eighteen Sketches Weekly

At present the NBC broadcasts 18 regular periods of drama each week through its several networks. Besides these regular radio plays or sketches, short dramatic sketches occasionally are introduced in the big radio revues.

The 30-minute period is by far the most popular time for a dramatic presentation, according to the survey. There are 16 radio drama periods of a half hour each, one that runs an hour and one 15-minute playlet.

The hour period, however, is a notable departure in broadcast drama. It is taken up by the Radio Guild, a stock company of well-known Broadway players who are presenting a series of the world's best known plays. The guild is directed by Vernon Radcliffe, a veteran of the theater, who has had long experience in radio production.

Bible Incidents Revived

The radio stage turns its spotlight on many phases of life. Biblical dramas, one of the most popular dramatic presentations ever to go on the air according to NBC executives, portray scenes and episodes of the Bible. Historic trials, a new series written by Edward Hale Bierstadt, presents a dramatic courtroom scene each week.

"The Little Drama Movement" is a burlesque of amateur theatrical groups and "Hello, Mars," Raymond Knight's new production, burlesques phases of modern life.

"Whispering Tables" has an underworld atmosphere and is full of Bowery dialect, while the "Two Trampsters," Marcella Shields and Helene Handin, take listeners back stage in a comedy sketch.

"Rapid Transit" is based on episodes in metropolitan life and "The Cub Reporter" tells of the adventure of a youthful newspaperman in New York. "Forty Fathom Trawlers" describes the adventures of deep-sea fishermen and "Harbor Lights," another radio drama with a salty atmosphere, introduces more thrilling tales of the sea.

History, Humor, Travel "Soonyland Sketches," another series of radio dramas with a long-run record, is continuing with its humorous and historical sketches of New England life. European and Asiatic legends are dramatized by the ABA Voyagers and "The Eternal Question" is a sentimental piece with love interest in abundance.

"Schraderstown Band," "The Gossips" and "At the Country Club" are comedy presentations.

Presentation of radio dramatic sketches has shown a tremendous improvement in the last year, according to the program makers. The writers of radio shows have become more proficient in painting scenery and costuming players with mere words and the actors themselves have become familiar with the microphones and its tricky ways.

More and more material written especially for the air is available and the cream of the Broadway actors are entering radio play casts.

CANAL ZONE USING AUTOMATIC BEACONS

WASHINGTON, Oct. 31.—A notice was recently made by the lighthouse service of the department of commerce says that an automatic radio beacon is now in operation on each side of the Panama canal, one at Cristobal at the Atlantic entrance and one at Capa Malta in the Pacific approach. This means that ships 100 to 200 miles distant from this zone will be able to take accurate bearings each half hour to guide them to the canal entrances.

STAR FOR WESTINGHOUSE

Participants in the "Westinghouse Salute"—Florence Malone, at top, well-known actress, and below, from left to right, Cesare Sodero, who conducts the 90-piece orchestra; Virginia Gardiner, and Edward Hale Bierstadt, author of the half-hour program.

Program to Utilize Every Important Unit In Broadcasting

NEW YORK, Oct. 31.—The men who fashion radio productions are about to see a dream come true.

This dream concerned a production utilizing every important unit in broadcast entertainment; a presentation with a symphony orchestra, a symphonic choir, noted soloists, a cast of experienced actors and actresses and with the whole linked together by a continuity written by a recognized craftsman in such things.

The production is to have its premiere in the New York studios of the National Broadcasting company, a 7:30 o'clock eastern time, November 6. Sponsored by the Westinghouse Electric and Manufacturing company, it will be titled "The Westinghouse Salute."

Forty Sing as Instruments

The musical background of the production will be developed by a group of 40 vocalists, but they will sing as instruments and without words in the symphonic group.

Into this musical setting will be woven two dramatic incidents in each weekly presentation. And each program will be a salute to some industry, beginning with steel and including aviation, lumbering, oil production and all other important industries, the dramatic moments will be concerned with the human episodes in the featured industry.

Continuity by Bierstadt

The entire continuity, including the dramatic episodes, will be written by Edward Hale Bierstadt, whose Empire Builder sketches have won him recognition throughout the broadcasting world.

Another unusual development in the production will be that the customary announcements will be eliminated. Instead, a voice, using words and phrases in harmony with the entire presentation, will link together the whole production. The voice will be that of Pedro de Cordoba, maestro of the National Grand Opera company.

The Westinghouse Salute will have its own production staff, which will include arrangers, copyists, a choir master, a director and an assistant for the dramatic cast and a general supervisor of the entire production. The entire staff has been recruited from the NBC studio personnel in New York.

More than 125 persons each week will be in the studio when the program is on the air. Still more unusual, according to present-day radio practices, is that the full name of the organization sponsoring the production will not be mentioned on the air. The program title, "The Westinghouse Salute," and the phrase.

(Continued on Page 9)

INFORMATION IS REQUESTED BY FEDERAL BOARD

WASHINGTON, Oct. 31.—A survey of the actual amount of communications maintained by licensees over radio channels assigned for their use, which will embrace the entire range of the radio frequencies, has been undertaken by the federal radio commission.

"Plans already have been completed for the canvass of radio license holders," said W. J. Clearman, investigator for the commission. The survey, he explained, is being undertaken at the direction of Harold A. Lafont, radio commissioner in charge of investigations.

When this information is obtained, Mr. Clearman said, the file of the commission will show the actual amount of communication carried on over every channel progress being made in experiments conducted on frequencies reserved for such purposes; hours of operation over each frequency; and similar information.

On the broadcasting frequency ranging from 550 to 1500 kilocycles the survey will provide information as to the extent of duplication of programs by stations on cleared channels which subscribe to chains, and the number of hours each station devotes to particular types of programs, such as educational, musical, mechanical reproductions and the like.

It will require several months, according to Mr. Clearman, to complete the survey of point-to-point licensees. After it is concluded, the plan is to canvass licensees assigned to the frequencies reserved for television and visual broadcasting experiment. When that is completed, another separate group of licensees will be canvassed, he explained, until the entire spectrum will have been covered.

23,000 Kc. Present Limit

Mr. Clearman pointed out that the radio act has advanced to the stage where it is possible to use frequencies up to 23,000 kilocycles. Beyond this point, he said, the "great unknown" of radio, he explained, with the permission of the commission, are endeavoring to utilize channels ranging from 23,000 to 35,000 kilocycles, and the survey will show how far these experiments have progressed.

Bill Bans Lottery In Air Advertising

WASHINGTON, Oct. 31.—A bill to prohibit lottery advertising over the radio was recently introduced in congress by Representative Burton L. French, of Moscow, Idaho.

In its application for increased power, the Columbia system stated.

NEW ALLIANCE OF GMC, RCA UNDER ATTACK

WASHINGTON, Oct. 31.—In a telegram to Attorney General Mitchell, Oswald F. Schutte, executive secretary of the Radio Protective association of Chicago, attacked the association of interests of the General Motors and Radio Corporation of America as a violation of the Sherman anti-trust law and demanded an investigation. General Motors is to sell sets, including automobile receivers, of RCA design. His telegram set forth:

"This alliance of General Motors with Radio corporation, General Electric and Westinghouse interests, emphasized by interlocking directorates, violates Sherman anti-trust law. It adds to \$5,000,000,000 radio trust more than \$1,000,000,000 resources of Du Pont General Motors interest."

"When alliance of General Motors with United States Steel corporation was announced a year ago congress demanded investigation and that merger was dropped. Present combination is far more flagrant violation of anti-trust laws."

"Under reciprocal patent agreement General Motors interests acquiesce in alleged validity of illegal patent pool of Radio Corporation of America, General Electric company, Westinghouse Electric and Manufacturing company, United Fruit company and American Telephone and Telegraph company thus eliminating the one powerful technical organization that would be in position to oppose patent claims of radio trust."

The recent United States court decision in the oil cracking patent pool case declared that such an organization violated the Sherman law and held that parties to it "purchased immunity from attack on their patents," according to the telegram.

"Eight years ago radio trust obtained letter of immunity from Attorney General Daugherty," the telegram concluded. "If General Motors-Radio corporation has asked department of justice for similar immunity for newest merger, we demand a public hearing and ask the right to be heard."

Producer Enters His Objection To Broadcast Review

LONDON, Oct. 31.—A critic has no right to express his views freely on current productions over the radio, according to Bertie Meyers, theatrical producer, who has protested to the British Broadcasting corporation against the review of his production, "The Flying Fool," criticized by James Agate, the dramatic critic of the BBC, who is also the dramatic critic of the "Sunday Times."

Meyers said that the criticisms carried remarks which were injurious to the success of the production.

GOODYEAR HOUR TO BE OFFERED BY KNX TONIGHT

Presenting one of the most interesting programs of the season, KNX will broadcast the Goodyear "Saga of the Wheel," in commemoration of the tenth great year of this organization in California, tonight.

Thirty-five famous radio artists, including Jacques Joujorville and his Little Symphonie, Jose Arias and his Spanish orchestra, the Rounders, the California Mixed quartet, Jules Verne Allen, cowboy tenor, and others of note will be brought to the air under this big program over KNX, which the Goodyear Tire and Rubber company of California is sponsoring.

It is said on good authority that this program, dealing with the romance of the development of the wheel as a factor in industry, pleasure and civilization, has been developed in an unusual and fascinating manner. "Orchestration has been particularly well conceived and will be a treat to music lovers," says Glen Rice, KNX studio manager, "while the selection of these famous artists on one program is, in itself, a notable feat."

Starting with the perfecting of the wheel by ancient Babylonians and Assyrians and carrying its history down through the ages to America, the program is one which will be of striking interest to the general public.

The program will be released at 9 p. m., Pacific standard time.

ETHER MUSIC MAKER TO BE SOLD BY RCA

NEW YORK CITY, Oct. 31.—The patent covering Prof. Leo Theremin's "ether music" device have been acquired by the Radio Corporation of America. The instrument, played by merely waving the hands, one controlling the volume and the other the tone, will be made by the General Electric company and the Westinghouse Electric and Manufacturing company and merchandised by RCA.

The first public demonstration of this device was given by Prof. Theremin, in the Metropolitan Opera house on January 31 of this year. He had arrived from Russia only a month before. It met with instantaneous success.

The sounds emanate through a loudspeaker, and are of approximately the same frequencies as those of a cello. Beat note oscillation produces the sounds.

WABC Granted Watt Increase

(Continued From Page 7)

that the new site had not yet been determined.

Chairman Ira E. Robinson voted against the grant of increased power. Commissioners Sykes, Lafount, and Starbuck voted in favor. Sam Pickard, vice president of the Columbia system, former member of the commission, presented

the application. He said that WABC, with its low power, was unable adequately to cover the metropolitan area of New York. He explained that the National Broadcasting company has two key stations in New York—WABC, using 50,000 watts, and WJZ, 30,000 watts.

Under commission regulations, says "The United States Daily," the maximum power actually allocated broadcasting stations is 25,000 watts, with 25,000 watts additional awarded on an experimental basis. There are now six sta-

tions throughout the country using this maximum power, while construction permits to build such stations are held by six other stations.

KNX, Los Angeles, Calif., previously obtained authority to use 50,000 watts.

SIX FOR SOVIET

Six new broadcasting stations have been constructed by the Soviet government. One of these is at Leningrad and employs 20 kilowatts of power.

GETS 35 TRADE LICENSES

WASHINGTON, Oct. 31.—The federal radio commission recently approved 35 applications for aeronautical station licenses and for modification of licenses for communication between plane and ground, and point to point, made by the Western Air Express. The applications were filed by Herbert Hoover, Jr., who is the technical adviser to the president of the company. These applications were filed before the revised set up by aeronautical radio communication.

A chance to hear the world's finest RADIOS

HERE they are, the finest radios in the world, the Balanced-Unit Philco's, the radios that have revolutionized radio tone, doubled the sharpness of radio selectivity, and widened by thousands of miles the circle of stations from which the radio owner may choose.

Seven handsome Philco models await your selection. When you hear the startling clearness with which they reproduce every program, no matter how intricate, no matter whether instrumental or vocal—when you tune interfering programs into stillness by just a hairbreadth turn of the Philco dial—when you bring in station after station from far out across the continent—then you will understand why Philco sales this year have shown a percentage increase nine times as great as the average for the whole industry.

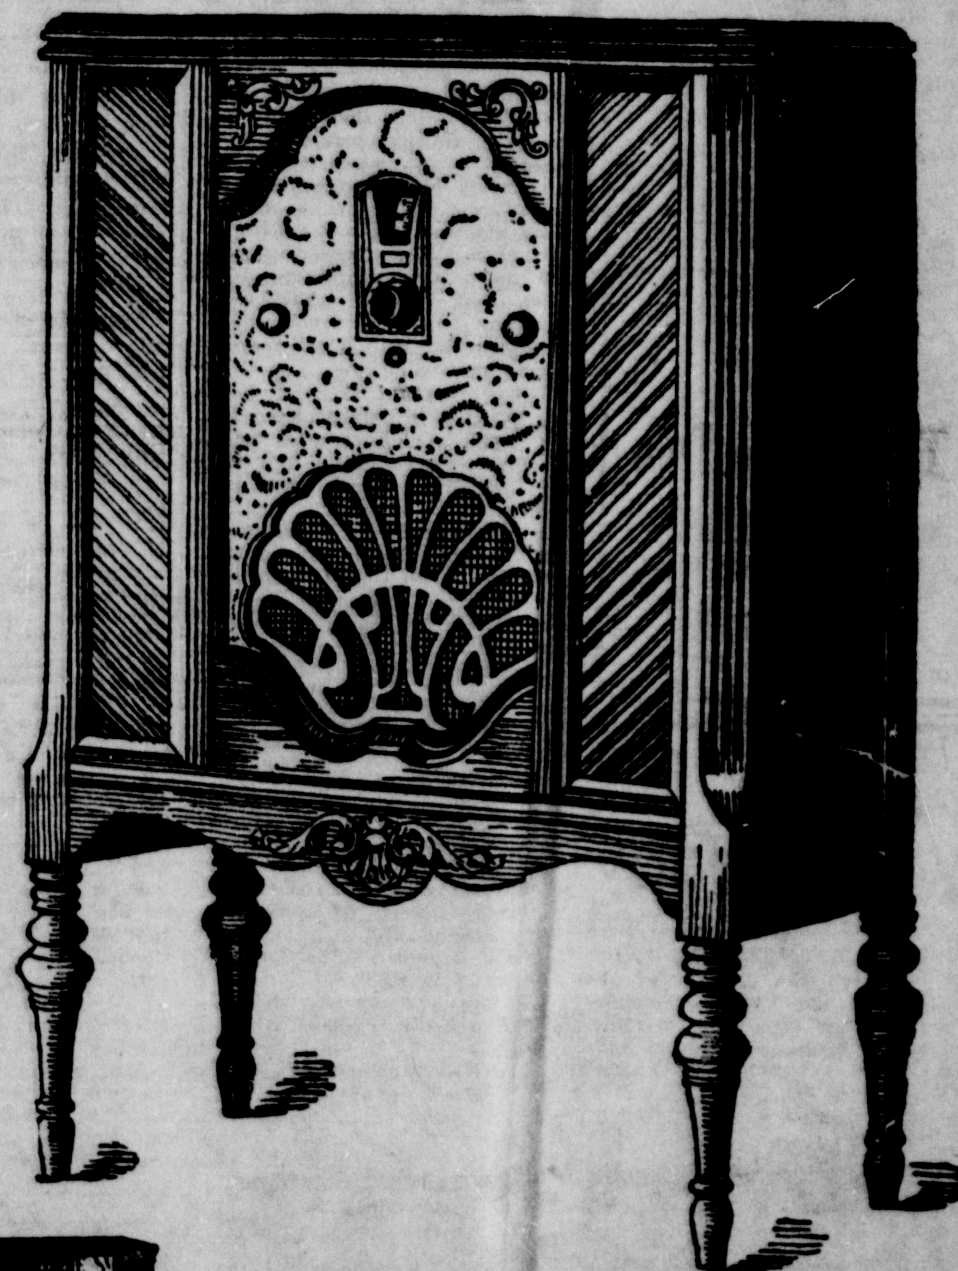

Not only will Philco's extraordinary performance greatly increase your radio enjoyment, but Philco's cabinets are tinged with beauty that recalls the work of the fine old cabinet-makers of England.

And yet, in spite of these many valuable features, Philco prices are remarkably low—the result of exceptional manufacturing facilities. Do you know any sounder radio investment? Nobody does!

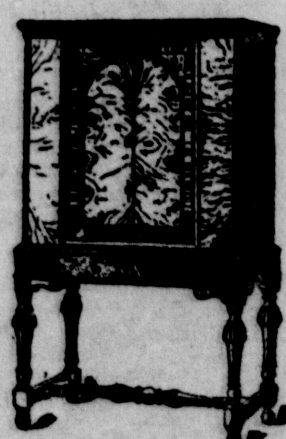

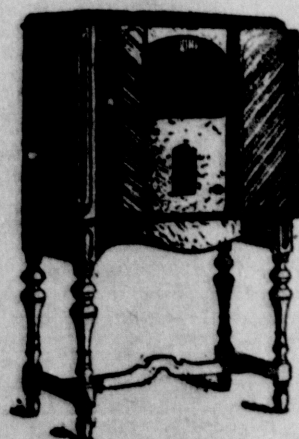

NEXT SUNDAY AT 2:30 P. M., Leopold Stokowski and the Philadelphia Orchestra go on the air over KFI. Don't miss this, the most important and most enjoyable radio event of the year. But—if you want to hear the music of this great orchestra exactly mirrored in sound be sure to tune in with a Balanced-Unit Philco.

BOARD CHANGES STATION LIST: TWO OUT AIR

WASHINGTON, Oct. 31.—The following list of changes and corrections to the broadcast station list has been announced by the federal radio commission:

WCOO, Anoka, Minn.; studio, Minneapolis; new owner, Northwestern Broadcasting, Inc.

WCKY, Villa Madonna, Ky.; studio, Covington; licensed to operate. Frequency, 1480 kc. Shares with WBOA, WJAZ and WORD; power, 5000 watts.

WHAS, Jefferson town, Ky.; granted increased power to 10,000 watts.

WJAN, new transmitter location licensed, North Fayette Township, Pa.

WKRC, Cincinnati; new owner, J. S. Boyd.

WLBW, Oil City, Pa., new owner, Radio-Wired Program corporation of America.

WMC, Memphis, Tenn., construction permit issued to move to Bartlett, Tenn.

WMBC, Detroit, Mich., construction permit issued to increase power to 250 watts.

WNAT, Philadelphia, Pa., new; shares WPKD, 100 watts, 1310 kc.

WRBL, Columbia, Ga., David Farmer, new owner.

WTOC (formerly WSGP), Savannah, Ga., 500 watts, 1410 kc. KFBB, Great Falls, Mont., new location.

KFJL, Astoria, Ore., new owner, KFJL Broadcasters, Inc.

WFPL, Dublin, Tex., permit issued to increase power from 15 to 100 watts.

KPQD, Anchorage, Alaska, Anchorage Radio club, 1230 kc.; station deleted.

WFWM, Oakland, Calif., permit issued to move to Richmond, Calif., and increase power from 500 to 1000 watts.

KFXM (formerly KFWD), Ontario, Calif.; studio, Pomona, 1200 kc.; permit issued to move to San Bernardino, Calif.

KGA, Spokane, Wash., Ralph A. Horr, receiver, supplants Northwest Radio Service company as owner.

KGCX, Wolf Point, Mont.; licensed to operate at Wolf Point.

KGDR, San Antonio, Tex., Milan Radio Co., Inc., new owner.

KCHI, Little Rock, Ark., First Baptist Church (O. A. Cook, agent); 1200 kc., new frequency.

KGU, Honolulu, Hawaii, permit to use 1000 watts instead of 500.

KJR, Seattle, Wash., Ralph A. Horr, receiver, replaces Northwest Radio Service company.

KMJ, Fresno, Calif., 1210 kc., new frequency.

KNX, Los Angeles, Calif., permit issued to increase power from 5000 to 50,000 watts.

KOAC, Corvallis, Ore., 550 kc., new frequency.

KREG (formerly KWTC), Santa Ana, Calif., 100 watts, 1500 kc.

KTAB, Oakland, Calif., Associated Broadcasters, 1000 watts, 580 kc.; new power, new frequency.

KWYO, Laramie, Wyo., 600 kc., station deleted.

KYA, San Francisco, Calif., F. C. Dahlquist, receiver, listed as new owner.

RADIO 4-H CLUB ORGANIZED BY FARM STATION

The California Radio 4-H club was organized last Friday night, October 25, according to a statement from the farm advisor's office here today.

The club will be conducted on the fourth Friday night of each month, from 7:20 to 8 o'clock, over KQW, San Jose, with W. G. Waterhouse, assistant state leader of clubs in the agricultural extension service, in charge of the programs.

The first program featured club organization, with a review of club work by Waterhouse. Instructions were given for organizing clubs and for their operation.

Another feature of interest on this first night was the camp program in charge of Woodbridge Metcalf, extension forester, who entertained with songs and stories, introducing a new 4-H club song for California boys and girls.

On succeeding Friday nights the programs will present various phases of club work, with talks by members of the college of agriculture and other University of California speakers and by local leaders and others interested in agricultural club work.

Eric Eastman, assistant farm advisor in charge of 4-H clubs in Orange county, plans to have county clubs listen in on these programs. From time to time some of the local 4-H boys here will furnish material for the broadcasts.

Switzerland, according to the U. S. department of commerce is slow in adopting radio. There are only five broadcasting stations and 62,000 licensed receivers in that country.

ing clubs and for their operation. Another feature of interest on this first night was the camp program in charge of Woodbridge Metcalf, extension forester, who entertained with songs and stories, introducing a new 4-H club song for California boys and girls.

WORLD CONTROL OF RADIO IS PROPOSED

BERLIN, Oct. 31.—Control of radio broadcasting through a world organization under the jurisdiction of the League of Nations was recommended by the international parliamentary economic congress which recently met in Berlin.

A proposal that an international statute shall govern world radio activities was made. This statute to provide among other things the elimination of transmission conflicts between various competing stations and also guarantee more equitable distribution of short-wave allocations. The fact that radio is of an international structure, which makes it a valuable agency for the promotion of peace, was pointed out. While its functions are akin to those of the press, the stage and literature, it

PHONES AUSTRALIA, 15,000 MILES AWAY

NEW YORK CITY, Oct. 31.—In a recent test, the new round-the-world radiophone circuit of the American Telephone and Telegraph company was put into action, when Dr. Frank Jewett spoke from his office at 195 Broadway, New York city, over a standard desk phone to a person in Australia. The voice traveled a distance of 15,000 miles. The transmissions are made on short waves. Different frequencies are used, according to the weather conditions. The service will be placed into commercial operation shortly.

KGO WANTS POWER OF 50,000 WATTS

WASHINGTON, Oct. 31.—An application for authority to employ the maximum broadcasting power of 50,000 watts was filed with the federal radio commission by KGO, Oakland, Calif. The station, owned by the General Electric company but recently turned over to the National Broadcasting company for program management, now employs 7500 watts.

Program to Utilize Important Units In Broadcasting

(Continued From Page 7)

"The Westinghouse production," as used twice each during the presentation at the opening and at the close.

Salute to Steel Industry
The first program will be a salute to the steel industry. An original music score, a composition of Soderro, with interpolation from the works of Mendelssohn, Elgar and Wagner and others, will be played by the symphony organization.

One of the dramatic episodes listeners will be taken back to the court of Henry II of France and a journey will be depicted in sound. The second episode will deal with an earthquake and the sounds of the upheaval will be broadcast.

Construction work on the new series started more than four months ago. In the size of its regularcast, in its cost and in the time devoted to preparation for broadcasting, the new production is believed to exceed any other known program.

ATWATER KENT

Screen-Grid circuit
improve radio
performance

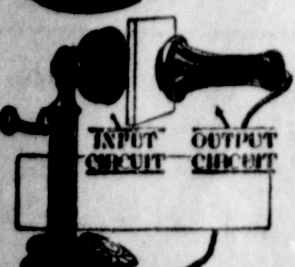

What Makes Atwater Kent
Screen-Grid So Much Better Than Others?

It is a special Screen-Grid circuit, perfected by Atwater Kent, giving many more times amplification and sensitivity, needle-point selectivity, stability at all wave lengths. Enormous regulated power with no hum. All parts matched, balanced. Seven hundred fifty-two tests in course of manufacture. Completely shielded. Reduction of interference. Can be used with a short indoor antenna. Power detection and electro-dynamic of course that insures purification of tone quality and elimination of distortion.

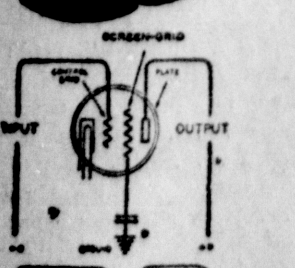

Why Screen-Grid tubes do not howl like others...

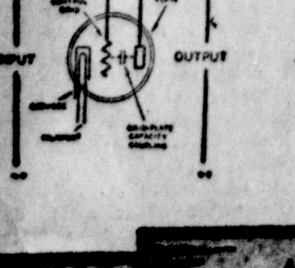

1 Your telephone, when placed like this, oscillates or howls, owing to feedback between the input and output circuits.

2 When connected with metal or other material, oscillation is overcome because feedback is reduced.

3 In ordinary radio when there is feedback between the input and output circuits through grid-plate capacity coupling. To counteract this, it is necessary to use balancing circuits, "loose" or special R. F. transformers, which cut down the amplification.

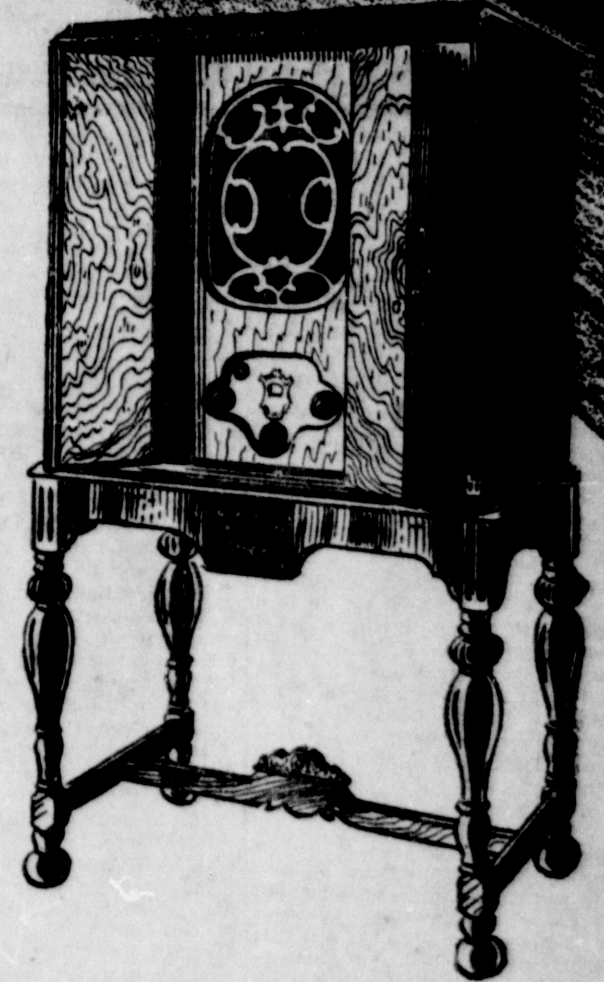

4 In Screen-Grid tubes this objectionable grid-plate capacity coupling is eliminated by the shielding action of the Screen-Grid. This is accomplished with thorough shielding in Atwater Kent sets, eliminating feedback between the input and output circuits.

Model 199-60C

An expression of genius in cabinet construction along distinctive lines. Equally at home in any "period" atmosphere. Constructed of the finest grain walnut, with quarter rounding doors.

INTO the room... a program

from a station a continent's breadth away. So clear and with so much volume it is as though the entertainment were being broadcast just across town. So realistic you can imagine yourself in the studio with the artists.

It is wonderful...this new Screen-Grid Atwater Kent radio. No distortion, no hum, no squeals and howls... nothing but just what the microphone hears... that's all!

You who have not heard this new instrument can not realize how marvelous it is. We can point with pride to its greater selectivity, power, volume, distance and finer tone... but unless you see and hear it...compare it...you can not appreciate why other fine radios seem so ordinary beside it.

CHAVEZ IN TRAINING — Zayado Chavez, invigorated physically and spiritually, is coming back. The hard-hitting Santa Ana Mexican welterweight returned to the training ring today after two months' absence from the hempen square. He hopes to be ready November 15.

Chavez made his last stand against Charley Cobb at the Orange County Athletic club and was knocked out in seven rounds. The bout ended in confusion. Chavez thought he was up at the count of ten. It didn't make much difference though. Cobb was a mile ahead on points and dealing out more punishment than Chavez could assimilate.

The Santa Anan complained of head pains after the match. He said he was hurt early in the fight. He was taken to a hospital for observation and physicians advised him to take a long rest, that he had suffered a slight skull fracture.

Chavez obeyed orders. The lay-off did him good. He put on almost 10 pounds. Some of it is "lard" which Chavez will boil out in the gymnasium and on the "road." He wants to scale 147 or 148 in fighting trim.

The boy wants a couple of "warm-ups" and then would like to meet Cobb again, or Jimmie Rivers.

GOLDEN BEARS HEAD FOR SOUTH

Saints May Set Attendance Record

SCHOOL CLEARS \$1914 FOR SIX GRID CONTESTS

Having cleared the tidy sum of \$1914 out of its first six football games, Santa Ana high school was well on the way today toward a new paid attendance record for any single season in the history of the institution.

According to the best figures obtainable no Saint team has ever played to so many cash customers up to the first of November as has Coach "Tex" Oliver's current aggregation.

The school record is held by the great team of 1921 which must have enough to turf Poly field and pay for other improvements around the athletic enclosure.

Exact attendance figures are missing but the receipts totaled in the neighborhood of \$5000. It is understood. The 1921 team, however, shared in two "big shots," one at Los Angeles for the Southern California championship and another at Bakersfield for the state streamer.

1927 Total Was \$3391

The Saints team of 1927 which lost the Coast Preparatory league title because it was defeated by a non-ranking team, San Diego, on the last day of the race, netted \$3391 for the season.

"Chuck" Winterburn's powerful 1925 eleven holds third place for money taken in at the gate. Approximately \$3000 was netted by that team.

The 1929 squad should surpass the \$3000 mark with much to spare, especially if the Saints are fortunate enough to make the Southern California playoff series.

Santa Maria or Covina will meet Oliver's team here November 5. It is understood, and either should draw heavily.

Glendale plays on the local field November 16. The Dynamiters are not much this year but as the game will play an important part in Santa Ana's titular race the turnout promises to be large.

San Diego Tilt Important

The place de resistance of the Saint schedule of course is the November 23 meeting here with San Diego. This contest, almost sure to decide the league title, may turn 'em away.

Then if Santa Ana gets in the playoffs the spoils will be plenty. A game at the Coliseum might bring the treasury as much as \$5000, enough to set a school record by itself.

Santa Ana's receipts for the six games to date follow:

Orange\$ 104
Monrovia 44
Whittier 105
Pasadena 638
Long Beach 670
Alhambra 353
Totals\$1914

CALIFORNIA'S TRIPLE THREAT

FARMERS MEET COLONISTS AT TUSTIN FRIDAY

Orange league football will be resumed tomorrow afternoon with all games scheduled for play in the south sector of the circuit.

Enjoying one of their most successful seasons under the guiding hand of Coach "Big Bill" Cole who has made the neighboring school something more than a doormat for the other teams, the hardy little Tustin Farmers meet, on their own greenward, Coach Ben Carpenter's Anaheim Colonists.

Since neither Santa Ana high school nor junior college has a game scheduled this week, a genuine sprinkling of county seat fans is expected to investigate the championship possibilities of Cole's creation.

Tustin's decisive victory over Garden Grove last Friday indicates that the Farmers are rapidly nearing their peak. Garden Grove recently defeated Anaheim by a single point as the Farmers will be heavily favored to win and stay in the championship chase.

The game will "tip off" Tustin's chances against the unbeaten Orange eleven as the Orangemen last week outscored Anaheim by 20 points.

Orange will meet Garden Grove on the Orange gridiron. Coach "Stew" White's charges have developed rapidly since their early season defeat by Santa Ana and are strictly the ones to beat for the title. Garden Grove, of course, is not expected to be the team to turn the trick although the Chilipeppers, with Hanes back in the lineup, ought to make it interesting for an Orange eleven that will go postward without its captain.

Santa Cruz, who has a pad ankle and perhaps two other regulars, Richardson, end, and Peters, a back.

The inconstant Huntington Beach eleven, which looked extremely bad against Brea-Olinda two weeks ago but came back and defeated the Covina Colts in a non-league tussle last Friday, plays today.

SATURDAY TILT TO DETERMINE COAST LAURELS

ARMY REFUSES 'PEACE' TERMS WITH MIDDIES

By WILLIAM J. DUNN
(United Press Staff Correspondent)

WASHINGTON, Oct. 31.—The Army and Navy were no nearer resumption of athletic relations today than two years ago when Annapolis authorities refused to play the annual football game with West Point because the military academy would not adopt a three year eligibility rule.

This became evident after a fruitless conference between superintendents of the service schools in the office of General John J. Pershing yesterday.

Before the annual Army-Navy football game can be resumed one of the two schools must accede to the demands of the other. Yesterday's conference proved that neither is willing to make any major concessions.

Navy Offers Compromise

Navy, represented by Rear Admiral S. S. Robinson, superintendent of Annapolis, made the only offer of compromise. Major General William R. Smith, superintendent at West Point, refused to consider these, indicating nothing shot at unconditional surrender would interest the Army.

Both expressed regret at the disruption and hope that the breach might be healed. Neither, however, would consider the terms of the other and the conference ended just where it started, with nothing accomplished toward bringing West Point and Annapolis into combat again on the gridiron.

Admiral Robinson first suggested that West Point limit its players to four years of football, including time on outside college teams then followed with the proposal that Army adopt gradually the three year rule over a period of four years. Finally he proposed that Army limit its men to two years of intellectual competition outside the academy, in which case Navy would consent to their playing two years more on West Point teams.

Tells Army Principle

General Smith reiterated belief that any student profiting in his studies should be eligible to represent his school in any branch of sport.

"This plan I presented to Admiral Robinson as the principle of the academy," he said after the conference. "I do not believe in compromising in principle."

Secretary of War G. O. Hays upheld Smith's stand in a statement after the conference declaring any stand for the principle of absolute equality between students, an indication of his belief that banning students from the athletic fields would violate that principle.

Secretary of Navy Adams placed blame for the failure of a conference, by indication, of General Smith, terming the difference of opinion "an honest one," at pointing out that Smith "refused to make any compromise offers," expects both Smith and Robinson to "yield to some extent," however.

PUNTS AND PASSES

1930 LATHROP TEAM BEATS S. A. 'CEES'

Julia Lathrop junior high school's 1930 football team won a practice game from the Santa Ana high school Class C eleven on the auxiliary field at Poly yesterday. The score was 16 to 0. The Spartans making two touchdowns and a safety on the "Cees" before the final period when Coach Clyde Cook used his second stringers against whom Julia Lathrop scored twice more on long runs by Roseau and Crumley.

The "Cees" were in position to score twice but fumbled on the 2-yard line and lost the ball on downs on the 10-yard mark.

The lineup:

GRANT LICENSE TO
SEND FROM BALLOON

WASHINGTON, Oct. 31.—Aeronauts are authorized to operate a broadcasting transmitter, using only one watt of power, from a parachute when it is descending, was granted by the Federal Radio Commission to the Roosevelt Field, Inc., of New York.

It was explained at the Commission that the transmitter will be used in instructing classes in parachute jumping. The instructor, it was said, after he has jumped from the plane, will broadcast to the class on the ground the proper methods of parachute jumping.

The license granted is for experimental work on the frequency of 2385 kilocycles.

Edinburgh, Scotland, proposes to make Swanston, the boyhood home of Robert Louis Stevenson, the center of a new park.

Scott, Von Porat
Meet December 9

NEW YORK, Oct. 31.—Phil Scott, heavyweight champion of England, and Otto Von Porat of Chicago have agreed for a 12-round bout in Madison Square Garden December 9.

Yale Would Swap
Football 'Purity'

BOSTON, Oct. 31.—Yale would swap the "purity" credited to the recent Carnegie foundation report for a "couple of good kicking backs or a pair of great legs."

President James B. Angell of Yale said so here last night, speaking at a joint dinner of the Harvard and Yale clubs.

'GABBY' STREETS TO
MANAGE CARDINALS

ST. LOUIS, Oct. 31.—Charles ("Gabby") Street will succeed William McKechnie as manager of the St. Louis Cardinals next year, according to announcement by Sam Breadon, president of the National league club. McKechnie resigned recently to take over management of the Boston Braves.

Street, the first man to catch a baseball dropped from the top of Washington monument gained fame as catcher for Walter Johnson when the Washington pitcher was in his prime. After a long major league career he drifted into the minors and finally became coach and scout for the Cards.

SCHLOCKER FAVORITE
HOLLYWOOD, Oct. 31.—Joe Schlocker, local welterweight, was favored today to defeat Frankie Forbes when they meet in the 10-round main event at the American Legion stadium Friday night.

This will be Schlocker's first fight in his home town for three years as he has been boxing in the east.

Charley Cobb Is
Winner At Bowl

WILMINGTON, Oct. 31.—Charley Cobb took all ten rounds here last night to win the main event decision over Arizona Joe Rivers, Mexican welterweight. Al Crumman deflected Johnny Ramirez in the semi-windup and Sydney Gregory won over Mike Coma in the special event.

CYPRESS

CYPRESS, Oct. 31.—Mrs. Elva Russell and son, Robert Jr., of Venice, are guests of R. D. Bobet and family.

William Abplanalp, Howard Strange and his sister, Ann, left Tuesday morning with lumber to build a cabin at Lake Arrowhead for Mr. and Mrs. Howard Strange. Mr. and Mrs. E. R. Russell and baby, of Venice; Mr. and Mrs. R. D. Bobet and children and Don Green and family spent Sunday at Irvine park.

Ira Rutledge, of Beaumont, visited his parents, Mr. and Mrs. L. V. Rutledge, over the week end. Mr. and Mrs. J. W. Montgomery and Mr. and Mrs. W. L. Nickle attended a theater in Los Angeles Monday.

Mr. and Mrs. Ralph Hunter of Long Beach were guests of Mr. and Mrs. L. V. Rutledge, of the Richfield service station, Sunday. Mrs. E. D. Proffer, of Cypress, surprised her sister, Mrs. L. E. Rhude, of Harding, when she invited friends and relatives and gave Mrs. Rhude a stork shower in the form of a lawn party Friday. Refreshments of cake, jelly with whipped cream, nuts and cherries were served.

The guests were Mesdames R. J. Seidltz, Ella Hatcher, Artesia; Munnie Seidltz, of Long Beach; Allan Hendry, of Anaheim; W. L. Nickle, J. Harbin, R. Bobet, V. Bobst, D. Green, F. Peitzke, W. Strange, R. Kinder, C. O'Brien, W. Buck, E. H. Banmann, of Harding, and Mrs. Gelske and Mrs. E. D. Proffer, of Cypress.

Mrs. J. Fuquay, Mrs. O. P. Bunyard and Mrs. M. M. Carpenter entertained with a Halloween party in the Carpenter home on Lincoln avenue, observing the birthdays of Marie Wolfgram and C. L. Barnett. Halloween decorations were used and orange and black baskets of Halloween candy were given to each guest. One feature of the party was the two large birthday cakes. Other refreshments were pie, sandwiches and fruit.

Those attending were Mr. and Mrs. Joe Ritter, Mr. and Mrs. A. R. Mossey, Mr. and Mrs. B. K. Holley, Mr. and Mrs. Hollingsworth, Mr. and Mrs. J. Coburn, Mr. and Mrs. C. L. Barnett, Mr. and Mrs. C. G. Priddy, Mr. and Mrs. B. P. Bunyard, Mr. and Mrs. J. Fuquay, of Cypress; Mr. and Mrs. A. R. Pitts, of Artesia; Mr. and Mrs. A. A. Jones, of Los Angeles; Mrs. Dora Lanier, Mrs. Don Grindlay, Mrs. C. Seally, of Cypress; Mrs. A. Wolfgram and daughter, Marie, of Hansen, and the hosts, Mr. and Mrs. M. M. Carpenter.

Mrs. A. Wolfgram, of Ball road, entertained with a dinner Sunday observing the birthday anniversary

of her son, Roland, and daughter, Marie.

Covers were laid for Mr. and Mrs. Don Grindlay and children, Warren and Geraldine; Mr. and Mrs. J. Coburn and son, Jimmie; Melvin Coburn, Mr. and Mrs. M. M. Carpenter, of Cypress, and two friends from Los Angeles.

Mr. and Mrs. Klamath and son, Mr. and Mrs. Clyde Arnold and son, Doris Swanson, Mr. and Mrs. A. E. Arnold and daughter and Mr. and Mrs. John Pike picnicked at Ferris Sunday.

Be Prepared for Frost!
Order Your Orchard Heaters Now

Ample Stocks in Warehouse at Covina... Avoid Disappointment... Get Your Heaters at Once

Anticipating a late demand this year we now have on hand in the warehouse at Covina, subject to prior sale, one of the largest stocks of "Scheu Smokeless Orchard Heaters" we have ever had available at this season of the year. These are in addition to the 100,000 heaters sold to the Supply Company.

Remember, there is now a highly valuable crop on the trees and that frost danger days are but a few weeks ahead. Be prepared—get your heaters in the grove ready to fire. Avoid the rush of last minute preparation.

TIME TRIED... TESTED... PROVEN
There's no experimenting with National "Scheu" heaters. They have stood the test for nearly 20 years and when properly used have never lost a crop. They have been contracted for by the Fruit Growers Supply Co. for Sunlight growers for the past nine years.

PHONE OR WRITE US

Get in touch with your packing house manager, our nearest agent, or our warehouse direct. If you are not familiar with the working of these heaters, there is still plenty of time to demonstrate.

Highway Booster Body Is Organized At Brea Meeting

LONGFELLOWS WILL PRESENT FASHION SHOW

Plans for a feminine fashion show to be given during a Santa Ana junior college assembly, were formulated at the first meeting of the Jaycee Longfellows club, held yesterday afternoon.

The club is composed of boys over six feet in height and the fashion show is expected to be one of the biggest entertainment events of the school year. The club will sponsor the entire program and other novelty events are promised by Edward Adams, program chairman. The program will be given in a few weeks.

Other matters discussed at the meeting included the possibility of forming teams in various sports.

A letter, to be sent to the Santa Ana city council, requesting the raising of sidewalks in the business district, was read and approved. It will be presented to the city officials at their next meeting.

The club also decided to join the National Society of Longfellows and have sent for full particulars.

John "Sky" Dunlap, organizer of the group, was elected president; Charlie Greenleaf, vice president; Edward Adams, secretary; Milton V. Newcomer, faculty advisor, and Kenneth Tanaka, mascot.

MRS. BERG TALKS ON 'REPENTANCE'

Mrs. Virginia Brendt Berg, the Florida evangelist, spoke last night in the Alliance chapel on "Repentance" and took for her text, Acts 17:27. She used as an illustration of repentance the story of the largest prayer meeting the world ever will know. This prayer meeting still is in Rev. 6:15-16. "These people," the evangelist declared, "are not praying to God. They have passed the time of effectual prayer, but they are praying to the mountains and rocks and are begging for them to fall on them and hide them from the face of Him that sitteth on the throne and from the wrath of the Lamb."

HURT IN CRASH

B. Kline, of 111 Owens drive, Santa Ana, suffered minor injuries in an automobile collision at the intersection of Collins and Batavia avenues, Orange, yesterday. The bread company truck Kline was driving was struck by a machine operated by Harry Stankey, of 324 Balcom avenue, Fullerton, according to police reports.

SNATCHED FROM GALLOWS

Here's Leo "Pat" Kelley, snatched from the shadow of the gallows by a state supreme court order, and his mother, Mrs. Josephine Kelley, whose unceasing efforts in his behalf brought about his return to Los Angeles and a resentence for manslaughter. Kelley was sentenced to hang November 23, but the supreme court decided there was no evidence to show malice aforethought and directed the trial court to return a verdict of manslaughter instead of first degree murder.

GOOD STOCKS WORTH JUST AS MUCH AS BEFORE CRASH, BANKER TELLS KIWANIS CLUB

Good stocks are worth just as much as they were before the market crash, money is plentiful, business conditions about the nation are good here should be no serious fear from the present panic, A. J. Cruickshank, president of the First National Bank of Santa Ana, told the Kiwanis club in a brief address on his recent visit to New York at the meeting, yesterday at St. Ann's inn.

The banker said that when he found bankers of the west just such a fiasco as occurred would soon take, but with the big banking out that there would be no disruption of business by the crash.

He said that he had attended national convention, in Kansas, of the Bankers Association of America, which banking had been full of success, Cruickshank said from San Francisco, where he found bankers were not at all in chain banks. He was more interested in mergers.

"Country in the past has been on products of their income, and crop year were good and price there should be no worry to the stability of business," the banker commented. Cruickshank was one of the speakers at a home-coming program developed by Elmer Steffenson chairman for O. H. Barr, who was for a talk, had not today from the east he went to attend a meeting national council of M. C. A. Millington discussed

the Community Chest and asserted that this is a crucial year with the organization, as failure to put the program over might result in disorganization of the Chest and resumption of the plan of many drives for charitable agencies participating in the Chest. Speaking of the value of the Chest in saving the community and the annoyance of many drives for funds, Wellington expressed the hope that the Chest might continue and in time become a county-wide institution for raising of funds for support of agencies dispensing charities. He predicted success for this year's campaign, pointing out that while the number of participating agencies had increased the total of the budget had been set at a figure less than that set for last year.

Wellington credited the Kiwanis club with sponsoring organization of the Chest here and commented on the situation that brought about the effort of the club to consolidate all drives into one under direction of the Chest. He expressed the belief that maintenance of a year-round manager for the organization would prove beneficial and result in success of the institution.

Mrs. M. E. Getting entertained the club with three readings.

W. W. Ross was introduced and obligated as a new member of the club.

HIGHER NECKLINES

Many of the chic afternoon gowns, with the approved silhouette, introduce higher necklines. A black flat crepe frock uses a cowl collar of black, with two-inch flesh colored grosgrain ribbon standing up inside this collar in a pert, youthful manner.

BOYS' COOKING CLASS SHOWN THROUGH INN

That interest aroused in the minds of the public by the formation in polytechnic high school of a boys' cooking class was illustrated today in novel manner when Robert L. Bisby, manager of St. Ann's Inn, invited the class members and their teacher, Miss Myrtle Stark, to be his guests at the Santa Ana Breakfast club session.

In advance of the breakfast hour, Bisby addressed the youths, explaining to them the correct reception of hotel guests by the management. He then took them on a personally conducted tour of the Inn kitchen and its divisions and the well-stocked store-room, giving them a clearer understanding of the management of this important phase of hotel management. Miss Stark and her pupils then shared the interesting features of the Breakfast club program.

Class members who were present included Harry Clayton, Lawrence Lane, Don Casey, Bruce Smith, Marvin Johnson, Henry Schreff, Karl Gerhardt, Frank Burns, Emerson Burgess, Ernest Goodman, Hideo Higashi, Bill Bremer, Morris Burns, Clarence Smith, Doyle Gilbert and Corwin Frazer.

WELLINGTON QUITS SCOUT PRESIDENCY

The board of directors of Boy Scout district No. 2, embracing Santa Ana and Tustin, has relieved M. B. Wellington, president of the county organization, of the chairmanship of the district board in order that he may have more time to devote to his other duties. It became known today through announcement by George Walker, executive secretary.

Elmer Steffenson was appointed to the position, the appointment creating a vacancy in the position of district commissioner and chairman of the district court of honor. Judge J. B. Tucker was named district commissioner and W. H. Spurgeon chairman of the court of honor.

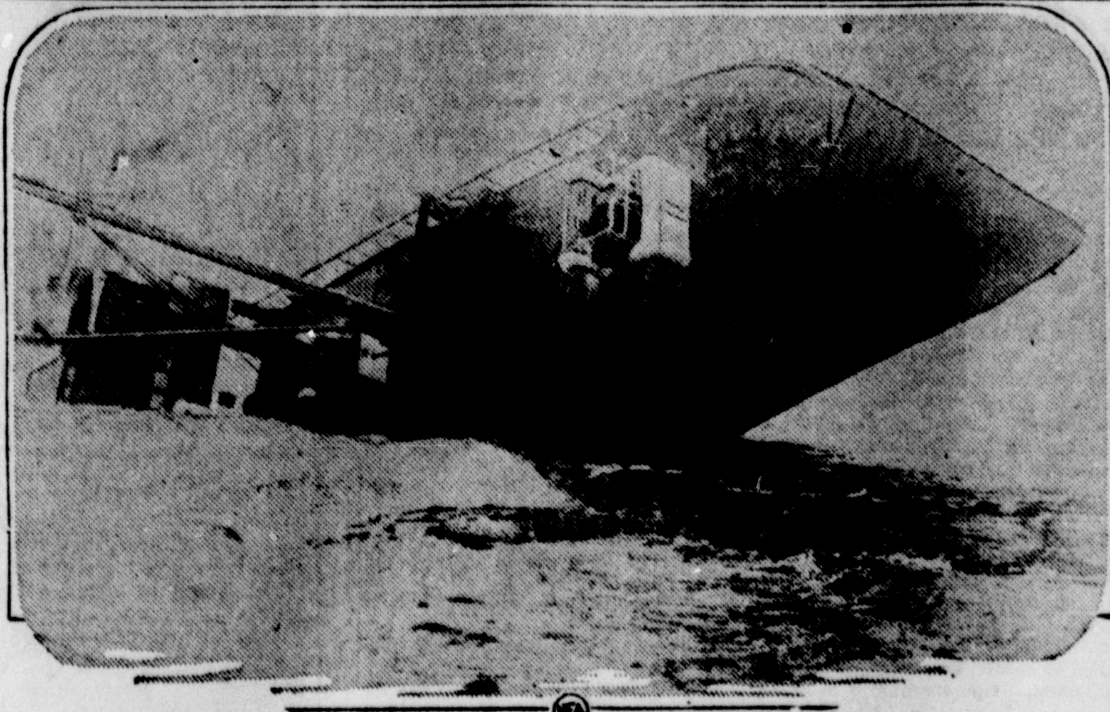

R. H. Drake was appointed chairman of health and safety, a new division, and Lyle Mitchell was named chairman of leadership and training to succeed H. G. Nelson, county commissioner, this action being taken to relieve Nelson of some of his duties so that he may have more time to devote to his work as commissioner.

T. H. Glenn was made chairman of reading and thrift, a new division just added to Scout work.

Plans for an extensive underground garage at the Liverpool entrance to the new Mersey tunnel in England are being considered by the engineers.

FORTY-FIVE DROWNED

Vividly pictured above is a tragedy of the sea which cost 45 lives—the disastrous wreck of the huge steamer Haakon VII off the Norwegian coast. With waves mercilessly pounding it, the big ship is seen here, bow up, soon after it had crashed on the rocks at a speed of 12 knots, capsized and sunk within a few minutes. The vessel was the pride of Norwegian shipping.

SUPERIOR OIL COMPANY TEST WELL STARTED

PLACENTIA, Oct. 31.—As the first move toward opening up the large amount of territory south of Placentia which was leased by the Superior Oil company during the past six months, a test well is being put down on the Davis ranch on Coronado street, just west of Downing road, and but a short distance north of North street.

Bennett No. 1 on Anaheim road has heretofore been called the western test well, as it is located half a mile from producing wells at Atwood. This new well, which will be known as Davis No. 1, is nearly a mile west and south of the Bennett well, and if it turns out to be a producer, will open up an entirely new territory. The location is a mile south of the bluff at Placentia where the Shell Oil company put down a test well, Allee No. 1, and found no oil.

The Superior's eastern test well,

Getting Up Nights

Is Nature's Danger Signal

Jos. F. Boedfeldt, R. 30, Baden Station, St. Louis, Mo., says: "I will tell or write about my complete relief with Lithiated Buchu (Keller Formula). How I was relieved of getting up nights and the terrible burning. Noticed a change in 3 days." It acts on bladder as epsom salts do on the bowels. Drives out foreign deposits and lessens excessive acidity. This relieves the irritation that causes getting up nights. The tablets cost 2c each at all drug stores. Keller Laboratory, Manchester, Ohio, or locally at the Santa Ana Drug Co.—Adv.

PETERKIN MADE VICE PRESIDENT OF ASSOCIATION

BREA, Oct. 31.—An association to boost work on a highway running from One Hundred and Fourteenth street in Los Angeles to Cedar street in Brea was formed at a meeting of the Brea Chamber of Commerce yesterday noon.

A meeting to select a name and perfect the organization plans will be held in Lynwood November 14. Ed Peterkin, of Brea, was named vice president. Representatives were present from Lynwood, Yorba Linda, La Habra and Placentia.

According to H. M. Massey, president of the Brea civic body, the new association is assured of support from a number of Southern California cities.

The junior college and water conservation projects were discussed briefly.

PRESBYTERIANS TO HEAR INDIAN CHIEF

Chief Montitowag, full blooded Indian of the Shwamish tribe from the state of Washington, will speak at the assembly period of the Church School of Missions in the First Presbyterian church at 7 o'clock Sunday night.

Chief Montitowag, who is an Indian preacher and evangelist, will tell a romantic and thrilling tale of his conversion while in Sing Sing prison in New York state.

He will appear in full Indian regalia and while a man of 80 yet appears to be under 50 years of age. He is the 24th child of his mother, who lived to be 125 years old. His father died at the age of 127.

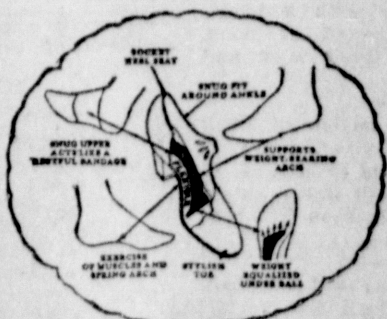

The costume of the chief consists of wild animal skins and sea shells, the insignia of his tribe. He sings hymns in both the Indian and English languages. The public is cordially invited to attend the service.

Can't Buy Store Minus Funds, Boy Traveler Learns

ANAHEIM, Oct. 31.—Bill Raiston, 13, overland traveler from the state of Washington, was persuaded by Anaheim police officers to leave the city when it was found he had been trying to buy the Hughes grocery store and that he was entirely without funds.

Raiston was made to see that without money the deal could not be completed.

Does Love Cheat? —BIT—

Sometimes I Think It Is Sometimes I Think It Isn't
By VELVA DARLING

When finally you think you have found your ideal man—the one who is just high enough, who clothes are just what you think a man's clothes ought to be, and whose salary has absolutely no limit of expansion, it is an awful blow to discover that he has simply been putting it all on—like an experienced showman—for YOUR personal BENEFIT! His manners were only COMPANY manners, his up-to-the-minute clothes are too EXPENSIVE for a MARRIED man, and there is not enough money left after the rent is paid and the groceries and the car! Oh, woe! certainly is true when a man believes in love, he will tend to be all the things which he says he should be. Isn't it? Love can be the wildest sort of CHEAT out of an otherwise honest man. Love makes him a beautiful in the eyes of the men who love them. Love is the genius with the wit. Love CHEATS.

But while we are people—a creature—cheat love, in several cases love which is cheated by the cheater of the moment, nor are they in return. Is a girl who has been neglected, indifference and desertion by a man she loves. Periodically he comes back to her—after one of his business ventures or love affairs has gone on the rocks—pleading forgiveness, avowing his love for her and swearing his self-confidence again with her adoration and his pocketbook with her money, and more he saunters forth, lord of all he surveys and ready for any from unfaithfulness to oil stick. This is a case—and it isn't a case—which demonstrates anything in the world but a love, on the man's part, which cheats. Love is like people. If it is REAL, it cheat. But if it is trying to be something it isn't, only a lie, it will cheat it from NOT cheating.

The WOMAN'S DAY

By ALLENE SUMNER

"Surely," an earnest man implored me, "you, as one who commands a little space, and can reach an audience of women, are going to say something against these long skirts women are going back to."

"When they finally achieved a sensible dress, aren't the sensible ones going to stick to it? Are they going to be led back, like sheep, into styles that they discarded a decade ago?"

He was in earnest about the matter. Strangely and quaintly enough, he seemed to feel that something could be done about the situation, and that it should be done.

A VIEWER WITH ALARM

Though he had forgotten it, this same man thought short skirts were hideous when they were first exploited. He believed every girl who did not happen to possess legs good enough to get in the "Edies" ought to be forced by ordinance to skirt herself to the ankle.

However, he got used to kilts in time and now he views with alarm the downward tendency in hems.

He couldn't understand that sensible women have never dictated styles. That is, unless they happened to have good figures and striking faces—and be someone as well. He couldn't understand that the average woman has no course in the matter but to follow the accepted mode.

He couldn't understand that no matter how comfortable a short skirt dangled above the knees may be when other women are wearing them, it can be mighty uncomfortable when other women are wearing skirts to the ankles.

THE WAY OF STYLES

I used to think that the expensive houses dictated the styles.

Relief From Curse of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Matter's Drug Store—Adv.

The MIXING BOWL

by ANN MEREDITH

It is said that the human body contains many malignant germ bodies which lie dormant until the proper condition arises in the body for their propagation.

In every-day language, these germs are good dogs until we relax health vigilance and allow them access to a weakened body where they can worry and gnaw to their heart's content, and often-times our ultimate destruction.

Healthy nervous systems stand guard over the kennels of these malicious germs, lower the health of nerve tissue and the germs are out and off. Tuberculosis is an illustration of what happens when vitality is greatly lowered. A field representative of the National Tuberculosis association is quoted as saying that "dangerous diet fads among some women who are anxious to lose weight too quickly is not a healthful practice."

"Make haste slowly," should be the slogan in a reduction diet that is really safe. It must be scientifically balanced so that enough energy food is there to take care of the body's activities, and no more, for it is that little bit of more which makes the fat pile up. And what is most important, a good reducing diet should contain ample quantities of the protective foods to maintain healthy nerves and tissue repair. The Mixing Bowl 21-day diet embodies the safeguards I have mentioned.

- Pineapple Ice Cream**
1 Small can crushed pineapple
2 Cups cooked rice
1/2 Cup whipping cream
5 Tablespoons powdered sugar
or
2 Tablespoons heavy fruit syrup.
Do you remember me urging you to save and boil down excess fruit syrups left from canning? This is one place where they can be used to fine advantage. I cooked mine with enough more sugar to make the syrup as heavy as it could get without burning. One jar I colored red and flavored with almond—it is marvelous in desserts of this type.

Cook the rice in plenty of boiling salted water till a grain will readily mash between the fingers. Drain and rinse well, mix with the can of crushed pineapple, well drained, and let cool.

Whip the half-cup of cream stiff, add to it the sugar or thick fruit syrup and mix well with the rice and pineapple. Chill in the refrigerator for several hours before using. Serve lightly piled in sherbet glasses.

'GLORIOUS NIGHT' TO CLOSE TONIGHT

The final showings in Santa Ana of "His Glorious Night," John Gilbert's first all-talking production, which has been showing in the Fox-Broadway theater for the last several days, will be made tonight.

An interesting comedy, concerning a flirtation between a young captain and a princess, the trouble it gets them into and a startling climax of a battle of wits between the captain and the princess, which ends with the captain winning, make the picture good entertainment.

Gilbert's love scenes, now that the screen has his voice as well as his acting, are better than ever. While Katherine Dale Owen, his new leading lady in this play, is exceptionally good.

Lupino Lane, in an all-talking comedy, "Fire Proof," a U. S. Navy Travelogue, and a Fox Movietone newsreel complete the bill.

calories in this dessert, with portions of six, a little more than 200 calories per portion. The calories are energy-makers of the most potent type...a portion would go quite a ways in playing a game of football, a game of golf or an evening's dancing...but those who eat and sit had better let such desserts alone if they are trying to avoid the curves that signpost overweight!

In this week's leaflet, A Dutch Lunch, you will find some sumshus ways to make sandwiches. Of course you need not wait until you have a Dutch Lunch to serve any of the foods I tell about in this leaflet!

They are available free of charge this week on receipt of your stamped, self-addressed envelope.

ANN MEREDITH.

DOUBLE BILL OPENS IN FOX-WEST COAST

"Modern Love," an all-talking feature, and "The One Woman Idea," a silent Fox feature, is offered in the Fox-West Coast theater today in a double bill, following "Frozen Justice," which closed there last night.

A story of a girl who insisted on getting married although it meant that she and her husband live apart in order that she hold her position, the play travels along at a fast clip. It is a comedy, with Charley Chase playing the part of the husband and Kathryn Crawford the wife.

The new plan of marriage works out all right until the French owner of the firm where the wife works comes to the United States and takes a great liking to the girl. He offers her a trip to the French capital and she accepts. The climax of the picture comes when the husband asserts his rights.

"The One Woman Idea" concerns a Persian prince who falls in love with another man's wife aboard a steamship. He finds himself in much trouble in a short time and spends the rest of the time getting out of it.

A Metrotone newsreel also is on the program.

Look into this great discovery

for kidney deficiencies
high blood pressure, indigestion

MEN and women entering middle life should investigate Agmel. Everybody of every age should know about it, particularly those who are being warned of danger by frequent arising at night, backache, and other symptoms.

Agmel is a remarkable discovery. It is the pure milk or sap of the famous Mexican maguey plant. The fresh sap is called "aguamiel." When concentrated, the name is shortened to Agmel. It is absolutely safe. A great health food, a valuable tonic on kidney deficiencies, high blood pressure, indigestion and glycosuria. Imported by The Agmel Corporation, New York and Mexico, D. F.

What others say:

"After using Agmel, all tests showed my kidneys to be acting perfectly."

"Agmel reduced my blood pressure more than forty points in less than two weeks."

"My mother tried Agmel for indigestion. She is delighted with the results."

Knute Rockne's Football Wit

Notre Dame's Famous Coach
Isn't Crazy About Having
A Wisecracker Reputation,
But His Gridiron Humor
Makes the Best of Fuel
For College Stove Leagues

Horseman Jimmy Crowley... gave a hometown friend the highest recommendation he knew.

By DENNIS O'NEILL

NO ONE has ever been foolhardy enough to accuse Knute Rockne to his face of being a wisecracker.

The energetic little general of Notre Dame's famed gridiron armies is not the type that people carelessly accuse of being anything until they are quite sure that he doesn't object. And Rockne most decidedly does object to getting a reputation for punting puns and other forms of alleged humor around on the field of conversation.

Nor is he any more fond of being on the receiving end of smart cracks passed in his direction. It would be fatal, for instance, to observe within his hearing that "the Big Ten isn't the only pebble on the football beach, for there's a little Rock at Notre Dame."

He would object to a crack like that even faster than most people.

But in spite of this aversion, Rockne is known wherever football stove leagues exist as the country's most prolific author of gridiron humor. Usually the whole season passes without a new Rockne yarn putting in an appearance. Then about the time when All-America teams start breaking out like a rash all over the country, his stories come into circulation. They are beginning to constitute something of an annual All-America selection of football humor.

Rockne prefers telling his yarns to trusting them to cold type. In telling them he goes about the job in much the same manner as an efficient but somewhat hurried quarterback calling signals. Every third or fourth word is clipped off sharply and given added emphasis, like the end numbers in a quarterback's string.

You know that something unexpected is going to develop when he finishes. And if you happen to be seated across his desk at the time, you half expect the mounted football, which is a prominent part of the desk's decoration, to be snapped at you.

One of Rockne's new stories features Jimmy Crowley, sensational halfback and one of Notre Dame's famous "Four Horsemen" of a few years ago.

"Jimmy came back to Notre Dame recently," Rockne relates, "and told me that there was another boy coming to Notre Dame this fall from Green Bay, Wisconsin, Jimmy's home town. 'He's awfully good,' Crowley added.

"'You're sure he's good?' I asked.

"'Yes, awfully good,' he assured me emphatically.

"'That's fine,' I said, 'but just how good is he, Jimmy? As good as you?'

"'No-o-o,' Jimmy drawled, 'but he's awfully good!'

NOT all of Rockne's stories are about his star performers. One concerns a lowly third-string end of a few seasons ago.

"Mulcahey, which isn't the champ's name, but which will do as well as any other," says Rockne, "made three eastern trips with the squad, but didn't get into a single game for even one down.

"Notre Dame wound up the season that year at St. Louis on Thanksgiving Day. It had rained all morning and a half hour before game time it was raining harder than ever. So I took the old bag of rosin out of the trunk, emptied it on the concrete floor in the dressing room and made a few remarks to the team.

"'We are going out there and punt, punt, punt,' I said. 'Let the opponents carry the ball and do the fumbling—we will recover them, and we must not fumble. Now to protect against this I want every player to get plenty of rosin over his pants and jersey.'

"The men lined up and followed instructions, but the last

man to rosin-up as I recall it was this third-string sub end. To the amazement of his teammates, instead of going about it in the usual manner, he sat down in the rosin and started wriggling around.

"Finally, Captain Harvey Brown walked over and asked, 'Mulcahey, what's the idea?'

"'Gee, Captain,' was the doleful reply, 'didn't you hear what the coach said? What do you want me to do this afternoon, slip off the bench?'

SOMETIMES it is a great and serious intersectional gridiron struggle that provides the material for a Rockne yarn.

Ex-Army Ace Harry Wilson... When he blushed Notre Dame players saw red.

One-Time N. D. Captain Harvey Brown... 'Mulcahey, what's the idea?' he asked a third-string end.

The colorful Army-Notre Dame games of the past have each yielded at least one good story, and this year's game can be expected to carry on the tradition.

One of Rockne's favorite Army game yarns was two years in the making.

"In 1926 Notre Dame's defense against West Point was impregnable," he recalls. "As far as anyone could tell it was simply a case of superb defensive football. But the reason for this ability to stop the Army—and particularly Harry Wilson, their All-America back—was because every time the quarterback called Wilson's number, his face got red. The result was that every time Wilson blushed, the Notre Dame team concentrated on him and smothered him.

"After the game I foolishly told Coach Biff Jones about this and thought no more of it.

"But what happened the next year? Notre Dame received the surprise of its life and the Army backs had a field day.

Evidently during the year some psychiatrist had worked on the Army backfield, because on that fall day in 1927 every time the Army quarterback barked out some numbers the faces of all four Army backfield men turned red and, of course, the Notre Dame defense was thrown into confusion.

"Incidentally, this is the first football contest on record where the game was won by four-flushing."

WARM Septembers delay the start of earnest football practice, and every coach in the country would give a lot for a way to condition a team when faced with this handicap.

Rockne tells the story of a coach who thought he had

Notre Dame's Knute Rockne... His football stories travel as far as the winning teams he builds.

such a system and how it all but laid up his squad, at least until after the opening games.

"This coach had seen a soccer game," Rockne relates, "and all the running around it involved gave him the idea that the game would be a great conditioner for his team, before the cooler days came along, when he could settle down to serious work. So he went down to a sporting goods store and bought a round soccer ball.

"Bringing it out to the squad he told them what he had in mind. 'Now I haven't time to go into the technical rules of the game of soccer, so for this afternoon's contest we will just bear two things in mind, either kick the ball or kick your opponent in the shins.'

"After dividing the squad into two equal sides, the coach asked, 'What's become of that soccer ball I bought?' And one of the Irish lads on the squad answered, 'To hell with the ball, let's start the game!'

UNCOMFORTABLY warm weather is also a football factor in the south, but it isn't the point of this story about two Negro football teams who were battling each other under blazing southern skies.

"This game was being played down in Birmingham," says Rockne, "and although neither team received any money for their alleged efforts, both called themselves professionals for prestige.

"The quarterback of the All-Collegians had been an old teammate of the fullback on the opposing side. The game hadn't gone over 10 or 15 minutes before this defensive fullback noticed that the All-Collegians' quarterback was using the same old signals that both had used back at I Will Arise Normal, where they had been classmates.

"As soon as the fullback had made sure, he said to himself, 'Well, I'm sure going to fix 'em.' At this particular moment the All-Collegians had the ball in midfield, and the quarterback, looking them over, began to call his signals slowly and in single digits, '6-4-8-2,' and so on.

"The signal system consisted merely in adding the first two digits, so the fullback held up his fingers and added, 'six and four is ten; that's an end run.'

"Shuffling out to the end, he waited and when the ball carrier arrived there the knowing fullback promptly threw him for no gain. Unperturbed by this the quarterback of the All-Collegians stood up, looked the defensive fullback full in the eye and called: '6-2-4-8.' The fullback added the first two figures again and learned that a reverse play was about to be attempted. Again he raised up the complicated play and threw the perplexed ball carrier for no gain.

"The quarterback was sorely perplexed for a second, but

composing himself, began again: '11-4.' The fullback took a little longer time to add, then, '11 and 3 is 14—that's a forward pass.' The fullback out, 'Look out for a pass, boys, look out!'

"The quarterback, when he saw the opposing team was hep, stood in a quandary for a second and then a look of recognition came to his face. I remember you now," he said, and signaled to his fullback.

"Looking the defensive fullback in the eye, he called out confidently, '9 times 7, your head, I know you don't remember your multiplication!'

ROCKNE'S belief that American men are becoming more and more effeminate year is well known. No football season is complete that did not include among its well-circumstances at least one Rockne yarn touching on this subject.

A few years ago Rockne began his effeminate crusade by painting a horrible picture of what football would degenerate into within a few years football players followed in the footsteps of their brethren.

Between the halves of Notre Dame's Homecoming game the contest that Rockne had staged before crowded stands. It proved to be the most talked of bits of sports buffoonery in years. The Sunday morning papers the next day gave versions of the burlesque game almost as much space as the game that had been played.

Since that time Rockne has increased each year on these satires and here is a version of how a newspaper might report a 1934 game between Notre Dame and Northwestern:

"On a nice, crisp autumn day, enough to permit all the socially elect to appear in their charming fall garb, Notre Dame met Northwestern in their nineteenth annual football encounter.

"Receiving at fullback for Notre was handsome F. Bickerdyke Hicks III, of the North Shore family of Hicks.

"The Northwestern team was fully attired in scarlet and mauvette tunics. Suspended from each player's neck was a pendant of the laveliere which was engraved the coat-of-arms of the university motto: 'We shall fight fearlessly, but fairly.'

"About the waist was a wide Louis XIV buckle. These striking costumes much commented on by the spectators.

"Kicking off for the University of Notre Dame was T. Fitzpatrick Murphy, a man famous to his companions as 'Two Lump,' because that he always calls for two lumps of sugar in his Pekoe.

"The Notre Dame players, striking in their appearance. They wore Hunter-style tails and their headgear was comprised of a unique, without being gaudy, were of georgette-trimmed hip pads.

"The officials were in regular hours with crepe de chine blouses.

"PRECISELY at 2:30, kicked off to Fullback Bickerdyke, who the ball 10 yards before he was tagged by Notre Dame end.

"Northwestern then tried to advance the ball, but found the defense of Notre Dame impregnable. So on the fourth play Bickerdyke dropped back and punted 40 yards to the end zone, who was tagged in his tracks.

"To their dismay, Notre found that Northwestern's tagging defense was their own, and the first half developed into a marked advantage between old Bickerdyke and Two Lump, neither having a marked advantage.

"Between halves both teams and feeling greatly refreshed went back into the second half with renewed determination. No, however, happened in the third quarter as the game continued to play defensive football. It looked like a deadlock.

"In the middle of the fourth quarter, however, on a hidden ball play—the ethics of which rather questioned by some of the spectators—Bickerdyke went streaking up the sidelines like a flash to the goal posts.

"A cheer went up from the stands. It looked like a last-minute victory for the Irish. They failed to notice the resourcefulness of old Two Lump, streaking toward the goal post and putting his hands to his mouth in a loud voice: 'Oh, Bickerdyke! There is a socking.'

"Poor old Bickerdyke, who became so mortified that he dropped the ball and ran for the club house. The result was that the Irish saved for Notre Dame, even though the score was 0-0 which are so unsatisfactory.

Late News From Orange County Communities

Anaheim Citrus Plant Ships 800 Cars During Season

275 EMPLOYED IN HARVESTING BIG FRUIT CROP

ANAHEIM, Oct. 31.—Shipping 800 cars of oranges and lemons, the Anaheim Citrus plant today closes the largest packing season in its history, according to G. W. Sandilands, secretary and manager of the association.

Since the beginning of the Valencia season, 275 persons have been employed in harvesting the huge crop, the season opened the first day of May.

The house expects to pack between 25 and 30 cars of navel oranges, Sandilands states. The total receipts from this year's bumper crop will not be announced until the annual meeting of the association, which will occur sometime in February.

Next years it is expected that 30 cars of fruit will be handled by the house, the crop for next season being in a most satisfactory condition.

LAGUNA CHURCH SERVICE POPULAR

LAGUNA BEACH, Oct. 31.—The study of "The Epistle of the Ephesians" is to be the subject which will be taken up at the prayer meeting the evening of November 6 in the Community Presbyterian church, according to a decision made a week ago, when several proposed subjects were submitted for discussion and choice.

The new combined service for the entire family has met with favorable response. It was put into operation October 1 and has met with popular approval. That portion of the service which would previously have been called church service was attended by 210, while the classes for Bible service brought out 205. Arrangements for the care of pupils of kindergarten and beginners ages in a department for that purpose trees mothers of the care of their children during the period of the service.

Young people of high school and college ages are invited to the choir practice, which is held at 6 o'clock on Sunday evenings prior to Christian Endeavor service at 6:30 o'clock.

Gustlin To Give Program Tuesday

HANSEN, Oct. 31.—Mrs. Evans, principal of the Savanna school, has secured Clarence Gustlin, of Santa Ana, to give a piano recital at the next regular P. T. A. meeting, November 6, in the afternoon. Ellen Jane Peters will give a reading.

Precious Remedy For Rheumatic Pains

Recently Improved and Druggists Praise It

Acute Inflammation, Swelling, Pain and Distress Speedily Surrender.

When you are tortured with rheumatic agony you want to get rid of it as soon as possible.

You want to be at work again because you want to bring home the weekly pay envelope so necessary to the comfort of your family.

You want to drive all this suffering out of the system—and keep it out. Broad minded pharmacists will advise Allenru because they know of the countless number of people it has helped.

They know it is a real remedy because of their training and because so much faith in it that they authorize druggists everywhere to dispense it with the distinct understanding that one big bottle must do what the buyer expects it to do or money back—Adv.

Music Teacher At Capistrano Signs To Direct Singers

SAN CLEMENTE, Oct. 31.—The San Clemente choral society has obtained the services of Mrs. W. J. Hubbard, musical teacher of the San Juan Capistrano high school, as director. Mrs. Hubbard will have charge of the Scottish choir billed for next Monday, according to R. E. Tyree, president.

At Monday's meeting Mrs. O. R. Shertson appeared in special numbers and Officer Harry Combs made a hit with his rendition of a baritone number. Baldy Swift, a harmonica player, Mrs. Hubbard accompanied all the acts on the piano.

EACH C. OF C. MEMBERS PLAN INSERT JAUNT

VICTORIA BEACH, Oct. 31.—An attempt to attract and return business considered by the local chapter of commerce and affiliated organizations, to comprise 10 days two weeks outing.

Initiative program would be to take Mecca, taking the Blythe and crossing the Colorado at Phoenix for a side trip to Tucson and the San Xavier mission. This mission is the oldest in the United States, having been founded by the padres who came from the mainland of Old Spain.

Excursion plants at Miami, old Globe nesting in the hills, the desert dam, the Apache trap which Geronimo led his band the return via Daguerre and desert, through old gold town by the Cajon pass. Coast Paul Ellsworth is in charge rounding up the party and any one interested is to get in touch with him.

RE JUDGE GETS FIRM POSITION

NET BEACH, Oct. 31.—Judge Wilson, justice of the peace resigned this week, has the employ of the Mack Petroleum company and move away from the beach. Judge Wilson has been in the past five years. He is now in Costa Mesa.

Don Dodge, appointed to take place, will have his headquarters at Balboa and Anaheim in Costa Mesa.

Will Bake For Bount Troop In Clemente

SAN CLEMENTE, Oct. 31.—Boy Scouts of America will hold their Friday night meeting at the San Clemente. A Wiener bake is a feature of the session, will be held at 5:30 according to Ed Gleason, member in charge.

New Exchange Men To Visit City Group

NEWBACH, Oct. 31.—Members exchange club of this city a pilgrimage to San Bernardino, to lunch members of the mountain.

How A Little Daily Dose of Kruschen Makes You Lose Unhealthy Fat!

Yet Gives You Splendid Health With Added Energy and Vitality

It sounds easy, doesn't it? Well, it is the easiest, the safest and surest way to lose fat you could possibly desire!

Take half a teaspoonful in a glass of hot water every morning. Little by little that ugly fat goes—slowly, yet—surely and you feel so wonderfully healthy, ambitious and energetic—more so than ever before in your life!

Get an 85c bottle of KRUSCHEN SALTS at Mateer's Drug Store or any drug store (lasts 2 months). If even this first bottle doesn't convince you this is the best, surest and most pleasant way to lose fat—if your health isn't marvellously improved—your money gladly returned!—Adv.

In this modern age of living, it's impossible to get these salts from the fancy foods you eat—but don't worry just as long as you have KRUSCHEN SALTS.

RETIRING MESA PASTOR SPEAKS AT LIONS MEET

COSTA MESA, Oct. 31.—The Rev. Lyman R. Bayard, retiring pastor of the Community church, and Alvin E. Block, who returned from a tour of the east, recently addressed members of the Lions club at the luncheon in the Women's clubhouse Tuesday.

The Rev. Mr. Bayard's talk was followed by several short talks by various Lions present, in which the pastor was praised for his work here.

After adjournment the Lions board of directors remained for a short business session. The women of the Friday afternoon club furnished the luncheon.

SERVICES FOR WATER VICTIM ARE ARRANGED

FULLERTON, Oct. 31.—Funeral services for Merritt A. Comstock, 72, of Fullerton, whose body was found floating in the water near the Long Beach breakwater, will be held tomorrow at 2 p. m. at the J. E. Seale funeral chapel in this city.

According to reports of the Long Beach police, who are investigating the case, the body of Comstock was found early Tuesday morning in the water near the breakwater with a gas on the forehead. Although no reason could be found for his death, it was believed that Comstock had either fallen or been pushed into the water.

LUXURY BLAMED FOR MANY SUITS

ANAHEIM, Oct. 31.—A luxury loving age is the cause of many civil suits in the small claims courts, according to Judge Charles Kuchel, Anaheim justice of peace. Gasoline bills which have run to sums of \$30 or even \$50, the judge declares, are the basis of many suits.

Judge Kuchel doubts if modern young people would choose a home if they were offered their choice of a car and a house.

How A Little Daily Dose of Kruschen Makes You Lose Unhealthy Fat!

Yet Gives You Splendid Health With Added Energy and Vitality

Hollywood Club Confers Degree

LA HABRA, Oct. 31.—Louis Chaudet was master of ceremonies when Price Walker, son of J. H. Walker, former banker and one of the founders of the Masonic lodge in La Habra, received the third degree of Masonry. The degree was conferred by the 233 club of Hollywood.

Bus Company In Rate Reduction

HUNTINGTON BEACH, Oct. 31.—The Motor Transit company's rate from San Ana to Huntington Beach, applying both ways, has been reduced from 50 cents one way and 55 cents for the round trip, to 40 cents one way and 75 cents for the round trip. The rate between Huntington Beach and Long Beach, 40 cents one way and 70 cents for the round trip, has been cut to 35 cents one way and 60 cents for the round trip.

FORMATION OF SAN CLEMENTE SCHOOL DISTRICT IS PLANNED

SAN CLEMENTE, Oct. 31.—Steps have been taken for the formation of a San Clemente school district. Den Acres is distributing a petition which he will present to R. P. Mitchell, county school superintendent, after securing the names of 15 or more Spanish village citizens who have children of school age. A petition will also be sent to the county board of supervisors.

At present San Clemente is in the Serra school district. Den Acres and Ed Bartlett are members of the Serra board.

If state and county officials approve the formation of the new district the city of San Clemente, according to city officials, will deed the \$75,000 city owned school to the new district.

REPORTS SHOW ROTARY WORK IN FULLERTON

FULLERTON, Oct. 31.—Activities of the Fullerton Rotary club in the fields of public service and other functions provided the subjects for brief reports by local members at the meeting of the club yesterday noon in McFarland's cafe.

Work of the boys work committee was reported by Harry Suters, who is chairman of the committee, and who outlined a plan whereby the club could co-operate with the police department in helping youngsters who came to the attention of the police.

Dr. D. C. Cowles explained the meaning, history and application of public health, urging the club to co-operate in every way with this organization.

Alfred Knight, reporting for E. E. Knight, chairman of the rural and agricultural contacts committee, pointed out that Rotary principles applied to business bring the rural resident and the business man of the community to a better understanding.

Support of the civic government within the city and backing of the club for community development and progress was urged by W. F. Coulter.

Harry May presided as program chairman and introduced the various speakers as well as interpreted the program.

LA HABRA, Oct. 31.—The Shell Oil company, which is drilling a wildcat well on the Bastanchury ranch near La Habra, has been forced to start redrilling at 1900 feet, after being down 6045 feet, according to reports.

The Standard Oil company is preparing to drill a wildcat well on the Bastanchury ranch and expects to go down at least 6000 feet, it is understood.

Oil men believe that the Shell company uncovered good showings in its wildcat, pointing out that the company probably would have abandoned the well if there had been no oil traces.

Oil men believe that the Shell company uncovered good showings in its wildcat, pointing out that the company probably would have abandoned the well if there had been no oil traces.

GIRLS RETURNED

ANAHEIM, Oct. 31.—Two pretty Indian girls, Elmina Smith and Aurelia Kiser, who ran away from the Sherman Indian school and arrived in Anaheim were returned to the school yesterday, when the matron of the institution arrived for them.

School Teacher In Westminster Wins \$1000 Suit

HUNTINGTON BEACH, Oct. 31.—Mrs. Ora L. Scheiber, teacher in the Westminster school, was given judgment for \$1000 against the board of trustees of the Westminster school district in Justice C. P. Pann's court here yesterday. The plaintiff claimed that she had been hired as a principal at \$2400 a year and that a contract had been made out. Later she called to sign the principal's contract and was given a contract as a teacher which she signed at a salary of \$1400 a year, the complaint stated.

She brought suit for the higher salary. Charles Swanner, of Santa Ana, represented Mrs. Scheiber, and L. W. Blodgett, assistant district attorney, represented the school board.

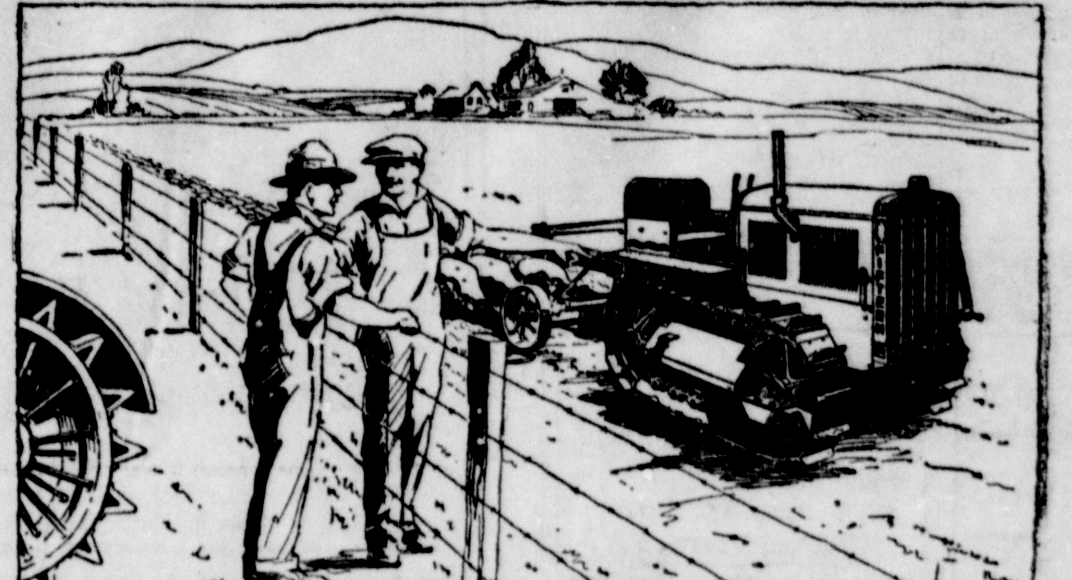

Copied after the model farm in Central Park, New York, a section for British domestic and farm animals may be added to the London Zoo.

FAREWELL FOR MESA PASTOR FRIDAY NIGHT

COSTA MESA, Oct. 31.—The Ladies' Aid society of the M. E. Community church has arrangements perfected for a joint farewell-reception party in the church auditorium Friday at 7:30 o'clock, honoring the retiring minister, the Rev. Lyman R. Bayard, and his family, and the incoming minister, the Rev. A. F. Hasse and his family.

The Rev. Mr. Bayard will leave on Saturday with his family for his new charge at Hanford and the Rev. Mr. Hasse will occupy the pulpit on Sunday for the first of his services in the Costa Mesa church.

WHY... with less irrigation... did this man? raise bigger crops than his neighbors?

Because His

CATERPILLAR

REG. U.S. PAT. OFF.

TRACTOR

Didn't Pack His Soil

Here's a real "true story" that contains an interesting, practical lesson for every farmer:

In San Fernando Valley there are two adjoining ranches. One is operated by Joe Alves of 15651 Saticoy Street, near Van Nuys. E. Vanoni of 4555 Fulton St., Van Nuys, cultivates the other. Soil and other conditions on the two farms are identical. An expert couldn't detect any difference between the two pieces of land. Not long ago, just after harvest, the owners of these two farms had a little chat. This is what Vanoni said to Alves:

"I wish you'd tell me how in the world you do it, Joe. This year, as usual, you raised a bigger crop and a better crop than I did; and yet, so far as I can see, I've done everything you've done, and more. I've cultivated as often as you have. I know I cultivated as deep as you did because I took measurements with a ruler. I even irrigated once more than you did... and still your crop was way ahead of mine. Now, what's the answer?"

"I'll tell you what the answer is," was Joe's reply. "I've been doing all of my cultivating with a 'Caterpillar' Tractor. It simply WILL NOT pack the soil, because the weight is distributed over a large area. The 'Caterpillar' has plenty of other advantages, but that one thing... elimination of soil packing... is enough to account for my bigger crop."

"Guess you're right, Joe. The only thing for me to do is to buy a 'Caterpillar'!"

And that's exactly what Vanoni did. Today he, too, is the proud owner of a "Caterpillar" Fifteen, and he confidently expects to pay the entire cost of it with increased profits on his crop next year.

In addition to the Model FIFTEEN, illustrated above, there are four other "Caterpillar" models... all amazingly low-priced: Model TEN: \$1125; Model FIFTEEN: \$1500; Model TWENTY: \$1975; Model THIRTY: \$2475; Model SIXTY: \$4300. (Prices F.O.B. Peoria, Ill.)

Let Us Demonstrate a "Caterpillar" on YOUR Place.

THE ANIMATES

STORY BY MAI COCHRAN—PICTURES BY KNUCK

The pigs kept squealing at the bunch and Scouty said, "I have a hunch that we had better stay up in the hay loft for a spell. It's a somersault or two." And then he did and very quickly landed on his head.

"Oh, my," he shouted. "That was slick." The others promptly tried the trick. It wasn't very long until they all were tagged out. Then Carpy said, "Let's take a snooze. There's all to gain and naught to lose. This is the nicest place to sleep I've ever seen, no doubt."

Three of them shortly dozed away, but Clowny stayed awake to play. He came across a hen's nest and it promptly spoiled his fun. The hen was mad and flew in air and gave poor Clowny quite a scare. He shortly found that, in the ray, 'twas mighty hard to run.

(A windstorm takes the Tinies up into the air in the next story.) (Copyright, 1929, NEA Service, Inc.)

have used is one in good usage. 2. The order of the letters cannot be changed.

Missing Letter Links

RULES

1. In playing golf on the Missing Letter Links the object is to change one word to another in a given number of strokes which is par. For example: To go from TEE to PIN in three strokes sounds hard but isn't: TEE-TIE-PIE-PIN. It's probably more difficult on a real course.

2. Change but one letter at a time and be sure the word you
